The Illinois Commission on Intergovernmental Cooperation compiled this volume of information from a comprehensive survey of all Illinois state agencies. The publication of *Federal Funds to State Agencies, FY 1994-1996* would not have been possible without the cooperation and support of many program managers, budget analysts and state agency directors. Although it is not possible to list every individual's name, we are grateful to all for their contribution.

**State of Illinois
COMMISSION ON
INTERGOVERNMENTAL COOPERATION**

April 30, 1996

To the Honorable Members of the Illinois General Assembly:

The *Illinois Compiled Statutes* require the Commission on Intergovernmental Cooperation to compile and maintain information on federal aid programs administered by Illinois state agencies, and to report to the Illinois General Assembly on those programs. *Federal Funds to State Agencies, FY 1994-FY 1996*, the fifth edition of this report, is submitted by the Commission to fulfill this responsibility.

This edition includes program descriptions and outlay information, as well as sections to assist legislators and staff in linking the federal program data to the state budget. A State Trust Fund section identifies the trust fund(s) used for depositing the federal grants, and a table indicates which state programs are supported and what areas and populations of Illinois are served by the federal grants.

It is the hope of the Commission that this handbook will be a useful resource for legislators in their understanding of federal assistance.

Sincerely,

Handwritten signatures of Senator Arthur Berman and Representative Kathleen L. Wojcik.

Senator Arthur Berman
Co-Chair

Representative Kathleen L. Wojcik
Co-Chair

**FEDERAL FUNDS TO STATE AGENCIES
FY 1994–FY 1996**

INTRODUCTION

The Illinois Commission on Intergovernmental Cooperation, a bipartisan, legislative commission of the General Assembly, is mandated the responsibility of serving as the "... information center for the General Assembly in the field of federal-state relations, ... and compiling and maintaining current information on available and pending federal aid programs" [25 ILCS 130/4-2 (1992 *State Bar Edition*)].

In meeting this responsibility, the Commission records and tracks applications for, and awards of, federal grants to state agencies. In addition, the Commission conducts an annual survey designed to identify the receipt of federal aid funds by Illinois state agencies.

The *Federal Funds to State Agencies* (FFSA) report is designed to provide legislators and legislative staff with a comprehensive reference of information on federal funds that are received by state agencies. The FFSA report augments the information provided in the Commission's monthly reports of federal fund transactions by listing federal aid awards on a state fiscal year basis and including descriptive program information. It is hoped that this information will help legislators and legislative staff develop a clearer understanding of the federal programs used by Illinois state agencies, and of the levels at which those programs are being funded.

Overview

Illinois state agencies participate in approximately 350 federal programs per year. During the past few years, federal grant awards for the programs used by state agencies have continued to increase, following the trend in expenditures for total U.S. grants (see Figure 1). In FY 1995, these awards totaled \$7.7 billion and were estimated to increase to \$7.9 billion in FY 1996. A significant amount of that increase was an additional \$198 million for the Medicaid program. A closer look at the table in Appendix B reveals that the net \$268 million difference from FY 1995 to FY 1996, although positive, is a mix of increases and decreases. Some programs have been increased by Congress, while other programs have been reduced or eliminated.

Table 1. Federal Grants in Illinois, FY 1991–1996 (*\$ in millions*)

	<i>FY 91</i>	<i>FY 92</i>	<i>FY 93</i>	<i>FY 94</i>	<i>FY 95</i>	<i>FY 96</i>

Local Govts.	\$1,166	\$1,015	\$1,172	\$1,491	NA	NA
Illinois Total	\$5,954	\$6,937	\$7,845	\$8,506	NA	NA
U.S. Total	\$152,017	\$178,117	\$193,664	\$210,596	\$225,000	\$236,700
Illinois as % of U.S. Total	3.9%	3.9%	4.1%	4.1%	NA	NA

NA — Data not available. U.S. Census Bureau had not released figures as of April 1996.

Figure 1. Federal Grants to Illinois Governments, FY 1990–1996

In addition to the growth in the Medicaid program, some of the major increases in federal funds from FY 1995 to FY 1996 include the Department of Public Aid's Family Support Assistance and Child Support Enforcement programs; the Foster Care program administered by the Department of Children and Family Services; Job Training Assistance for Dislocated Workers available through the Department of Commerce and Community Affairs; the Department of Public Health's Special Supplemental Food Program for Women, Infants and Children (WIC) and the Section 8—Moderate Rehabilitation program of the Housing Development Authority. Programs with substantial reductions include the Department of

Public Aid's State Legalization Impact Assistance (SLIAG) program and administration funds for Family Support and Medicaid programs; Special Highway Construction Projects available through the Department of Transportation; State Revolving Fund Capitalization Grants through the Environmental Protection Agency; the Adult and Youth Training components of the Job Training Partnership Act (JTPA); the Low-Income Home Energy Assistance Program (LIHEAP); and the Community Development Block Grant administered by the Department of Commerce and Community Affairs.

Using This Handbook

The federal programs in this handbook were included if the funds were received directly from the federal government or a non-state agency. Programs in which a state agency received funds (subgrants) from another state agency have been excluded to avoid "double counting" or falsely inflating the dollar totals. However, a new table on subgrants has been added (Appendix C) to indicate the flow of federal funds from some state agencies to others.

The program descriptions in FFSA are preceded by a table of contents that lists the federal programs used by state agencies from FY 1994 through FY 1996. This table will facilitate the location of the federal program descriptions as well as indicate which groups of federal programs are used by each state agency. Tables showing federal aid awards by state agency are appended. Programs within each agency are listed by the numbers assigned to them by the U.S. Office of Management and Budget (OMB) in their *Catalog of Federal Domestic Assistance*. Descriptions of each program include the proper name, program description (objectives and services provided or supported), formula description, matching requirements, account identification number (federal), and a table illustrating the outlays to Illinois for FY 1994, FY 1995 and FY 1996.

The FFSA handbook contains two sections of state information to assist legislators and staff in linking the federal program data to the state budget. A State Trust Fund section identifies the trust fund(s) used for depositing the federal grants, and a table identifies which state programs are supported and what areas and populations of Illinois are served by the federal grants (see following example).

State Programs Supported	Pop. Served	Area
• Economic Development	General	Statewide
• Illinois State Resource Center	2 million	Statewide
• Treatment Alternatives to Street Crime	4,080	Cook

Descriptions of the federal programs include their proper names, common names (where appropriate), and five-digit identifying numbers as listed in the U.S. Office of Management and Budget's *Catalog of Federal Domestic Assistance* (OMB catalog numbers). Each OMB catalog number serves to identify a federal program and the administering federal agency. In a few instances where federal programs are not listed in the Catalog of Federal Domestic Assistance, this Commission has assigned a unique identifying number. The program descriptions are arranged in ascending order by OMB catalog number. For example, the list below shows the basic numbering scheme and the corresponding federal agencies:

- 00.000–09.999 Commission-assigned numbers
- 10.000–10.999 U.S. Department of Agriculture
- 11.000–11.999 U.S. Department of Commerce
- 12.000–12.999 U.S. Department of Defense
- 14.000–14.999 U.S. Department of Housing and Urban Development
- 15.000–15.999 U.S. Department of the Interior
- 16.000–16.999 U.S. Department of Justice
- 17.000–17.999 U.S. Department of Labor
- 20.000–20.999 U.S. Department of Transportation
- 21.000–21.999 U.S. Department of the Treasury
- 27.000–27.999 Office of Personnel Management
- 30.000–30.999 Equal Employment Opportunity Commission
- 45.000–45.999 National Foundation on the Arts and the Humanities
- 59.000–59.999 Small Business Administration
- 64.000–64.999 U.S. Veterans Administration
- 66.000–66.999 U.S. Environmental Protection Agency
- 81.000–81.999 U.S. Department of Energy
- 83.000–83.999 Federal Emergency Management Agency
- 84.000–84.999 U.S. Department of Education

- 89.000–89.999 National Archive and Records Administration
- 93.000–93.999 U.S. Department of Health and Human Services
- 94.000–94.999 Corporation for National and Community Service
- 94.000–96.999 Social Security Administration

Information Sources

The basic sources for the fiscal data included in the FFSA report are the Commission on Intergovernmental Cooperation's Federal Aid Surveys which have examined the use of federal funds by Illinois state agencies from FY 1973 until the present. The Commission has combined its survey information with information compiled through its federal aid tracking system to obtain actual and estimated totals for most federal programs. The fiscal information is supplied directly by the state agencies, and it is assumed the figures are supplied in good faith and are substantially correct. In a few cases where federal programs provide funds under several subcategories, the fiscal information was obtained from Federal Funds Information for States (FFIS), a project sponsored by the National Conference of State Legislatures and the National Governors Association. The primary source for the program descriptive information is the U.S. Office of Management and Budget's *Catalog of Federal Domestic Assistance*.

OFFICE OF THE GOVERNOR

84.254 STATE LITERACY RESOURCE CENTER

Program Description: This program is designed to assist state, local, public, and private nonprofit organizations in an effort to eliminate illiteracy. Funds can be used to establish or expand existing Literacy Resource Centers.

Formula Description: The federal share of funds under this act cannot exceed 80 percent in the first and second year, 70 percent in the third and fourth year, and 60 percent in the fifth and succeeding years. States participating in regional centers must only provide 50 percent of the nonfederal share. The nonfederal matching payments may be in cash or in-kind.

OFFICE OF THE LIEUTENANT GOVERNOR

94.001 NATIONAL AND COMMUNITY SERVICE GRANT

Program Description: This program is administered by the federal Commission on National and Community Service and has three state grant programs. (1) Serve America supports school- or community-based youth service and adult volunteer programs; (2) the American Conservation Corps and Youth Service Corps encourage the expansion of full-time or summer youth corps projects; and (3) the National and Community Service program encourages full- or part-time community service by allowing service participants to receive education or housing benefits after completing the service projects. In addition to the state grant programs, higher education consortiums, local governments and/or nonprofit organizations can apply for a grant that encourages college students to participate in community service projects. Locals submit their application to the state lead agency.

Formula Description: Serve America funds are allocated through a funding formula based on the school-age population of the state and the amount of funds the state receives under the Chapter 1 basic education grant. It also requires a 10 percent (match which may be in-kind or cash) the first year, a 20 percent match the second year, and a 30 percent match the third year. This may be waived in certain cases. The Conservation and Youth Service Corps Program has no formula. Grants are based on the number and quality of proposals. This program requires at least a 25 percent match and may be in-kind or cash. The National and Community Service program has no formula. It allows a 50 percent post-service benefit for participants. The Higher Education Innovative Projects component of the Community Service program has no formula and grants are based on the number and quality of proposals received and the number of institutions involved in the consortia. It requires at least a 50 percent match and may be in-kind or cash.

20.600 STATE AND COMMUNITY HIGHWAY SAFETY

Program Description: This program provides funds for implementing and maintaining highway safety programs. Formula grant funds are available to address problems in areas such as police traffic services, alcohol and drug counter measurers, occupant protection, traffic records, emergency medical services, and roadway safety.

Formula Description: The distribution of funds is based 75 percent on a state's relative share of the national population and 25 percent on a state's share of national public road mileage, with no state receiving less than 0.5 percent. The federal share was limited to 75 percent of the total

project cost, but increased to 80 percent under the provisions of the Intermodal Surface Transportation Efficiency Act of 1991.

84.034 PUBLIC LIBRARY SERVICES

Program Description: This program is designed to assist in: (1) extending public library services to areas without service or with inadequate service; (2) establishing services to individuals who, by reason of distance, residence, handicap, age, literacy level, or other disadvantage, are unable to receive the benefits of public library services; (3) adapting public library services to meet particular needs of individuals within the states, including those with limited English-speaking ability; (4) assisting libraries to serve as community information referral centers; (5) assisting libraries in providing literacy programs for adults and school dropouts in cooperation with other agencies and organizations, if appropriate; (6) establishing library literacy centers; (7) strengthening state library administrative agencies for meeting the needs of the people of the states; (8) strengthening major urban resource libraries; (9) establishing, expanding, and operating programs and projects to provide state institutional library services to the physically handicapped and elderly; (10) increasing public library services or access to these services through effective use of technology; and (11) strengthening metropolitan public libraries which serve as national or regional resource centers; (12) developing intergenerational library services; and (13) providing drug abuse prevention services in cooperation with local education agencies or organizations.

Formula Description: Each state receives \$200,000, with the balance distributed on the basis of resident population.

Account Identification: 91-0104-503

84.035 INTER-LIBRARY COOPERATION AND RESOURCE SHARING

Program Description: This program is designed to plan the development of cooperative networks and to establish, expand, and operate local, regional, and interstate networks of libraries. The networks provide for the systematic and effective coordination of the resources of school, public, academic, and special libraries and information centers. It is also to develop the technological capacity of libraries for interlibrary cooperation and resource sharing; and to allow for the development of a statewide preservation plan.

Formula Description: Each state is given \$40,000, with the balance distributed on the basis of resident population.

Account Identification: 91-0104-503

	FY 1994	FY 1995	FY 1996

84.036 LIBRARY EDUCATION AND TRAINING

Program Description: Grants are provided to assist in training or retraining library personnel in (1) areas of library specialization; (2) new techniques of information acquisition, transfer and communication technology; (3) library leadership through advanced training in library management; (4) library education; and (5) advanced training in management of new organizational formats to serve the needs of the elderly, the illiterate, disadvantaged or rural residents. Funds are awarded to assist in the cost of training or study, for the establishment

and maintenance of fellowships or traineeships with stipends, and for developing and expanding programs of library and information science.

Formula Description: Fifty percent of the available funds must be used for fellowships or traineeships.

Account Identification: 91-0104-503

84.154 PUBLIC LIBRARY CONSTRUCTION AND TECHNOLOGY ENHANCEMENT

Program Description: Funds are provided through state agencies for building, expanding, remodeling, and altering existing buildings, and the purchase, lease and installation of equipment of any public library. The term "remodeling" includes providing access for the handicapped, ensuring safe working environments and conserving energy. Renovating and remodeling to accommodate new technologies, and the purchase of existing historic buildings for conversion to public libraries is also allowed. Funds may not be used for the purchase of books or other library materials, or for the provision of services.

Formula Description: The federal share of the construction project cost varies from 33 to 66 percent, based on a state's per capita income as compared to the national average.

Account Identification: 91-0104-503

	FY 1994	FY 1995	FY 1996

84.257 NATIONAL INSTITUTE FOR LITERACY

Program Description: Funds are available for project grants, fellowships, and contracts to promote the National Education Goal of making every American literate by the year 2000. Approved projects include research, technical assistance, the development of a database of resources, and support of a national literacy hotline. Funding should be used to collaborate and assist rather than supplant existing public and private literacy efforts.

Formula Description: This program does not require cost sharing by recipients.

Account Identification: 91-0400-501

	FY 1994	FY 1995	FY 1996

10.550 FOOD DISTRIBUTION

Program Description: This program is designed to improve the diets of school and preschool children; the elderly; needy persons in charitable institutions; other individuals in need of food assistance; and to increase the market for domestically produced foods acquired under surplus removal or price support operations.

Formula Description: Foods are donated on the basis of availability and need. Under PL 98-8, foods are allocated to each state on the basis of a formula combining the number of persons in the state living below the poverty level (60 percent) and the number of unemployed persons (40 percent).

17.235 SENIOR COMMUNITY SERVICE EMPLOYMENT PROGRAM (SCSEP)

Program Description: This program is designed to provide, foster, and promote part-time work opportunities (usually 20 hours per week) in community service activities for low-income persons who are 55 years old and older. The program assists and promotes the transition of program enrollees into unsubsidized employment. The individuals who are employed may be placed in work assignments at local service agencies (e.g., schools, hospitals, day care centers, park systems, etc.), or may be given work assignments in connection with community service projects. A portion of project funds may be used to provide participants with training, counseling, and other support services.

Formula Description: The statutory allocation formula (Section 506 of the Act) provides for the distribution of funds among states on the basis of a hold-harmless factor, the number of persons aged 55 and over residing in each state and the per capita income (PCI) in each state. Project sponsors must contribute at least 10 percent of the costs of the project. The sponsor share may be contributed in cash or in-kind. This program has maintenance of effort requirements.

Account Identification: 16-0175-504

93.041 SPECIAL PROGRAMS FOR THE AGING—TITLE VII, CHAPTER 3—PREVENTION OF ELDER ABUSE, NEGLECT, AND EXPLOITATION OF OLDER INDIVIDUALS

Program Description: This program is designed to assist state and area agencies on aging in carrying out programs to prevent abuse, neglect,

and exploitation of older individuals. Funds are awarded to states to develop or strengthen service systems through designated state and area agencies on aging. A state plan covering 2, 3, or 4 years, with annual revisions as necessary, must be submitted for approval to the Commission on Aging.

Formula Description: No matching is required. The statistical factor used for fund allocations is the state population of persons 60 years of age and over relative to other states. This program has maintenance of effort requirements.

Account Identification: 75-1536-506

	FY 1994	FY 1995	FY 1996

• Title VII Elder Abuse Prevention	230	Statewide

93.042 SPECIAL PROGRAMS FOR THE AGING—TITLE VII, CHAPTER 2—LONG-TERM CARE OMBUDSMAN SERVICES FOR OLDER INDIVIDUALS

Program Description: This program is designed to assist state agencies on aging and area agencies on aging in carrying out programs for the provision of long-term care ombudsman services for older individuals. Funds are awarded to states to develop or strengthen service systems through designated state agencies on aging and area agencies on aging. A state plan covering 2, 3, or 4 years, with annual revisions as necessary, must be submitted for approval to the Commission on Aging.

Formula Description: No matching is required. The statistical factor used for fund allocation is the state population of persons 60 years of age and over relative to other states. This program has maintenance of effort requirements.

Account Identification: 75-1536-506

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$188	\$191	\$48

State Programs Supported	Pop. Served	Area
• Title VII Long Term Care Ombudsman	5,811	Statewide

93.043 SPECIAL PROGRAMS FOR THE AGING—TITLE III, PART F— DISEASE PREVENTION AND HEALTH PROMOTION SERVICES

Program Description: This program assists state agencies on aging and area agencies on aging to carry out programs with respect to preventive health services for the elderly. Funds are awarded to states to develop or strengthen preventive health service systems through designated state agencies on aging and area agencies on aging. Services may not include services eligible for reimbursement under Medicare.

Formula Description: Programs are funded on a federal/state matching basis as follows: Preventive Health Services 85 percent/15 percent. For each fiscal year, state resources must provide not less than 25 percent of the nonfederal share of each state's total Title III expenditures from state or local public sources. The statistical factor used for fund allocation is the state population of persons 60 years of age and over. This program has maintenance of effort requirements.

Account Identification: 75-1536-506

	FY 1994	FY 1995	FY 1996

State Programs Supported	Pop. Served	Area
• Preventive Health Services	27,131	Statewide

93.044 SPECIAL PROGRAMS FOR THE AGING—TITLE III, PART B—GRANTS FOR SUPPORTIVE SERVICES AND SENIOR CENTERS

Program Description: This program provides financial assistance to state and area agencies for support of programs for older persons via statewide planning, area planning, and provision of supportive services, including multi-purpose senior centers. From the total of the allotments received under Parts B & C states may use 5 percent or \$500,000 for state agency administration. Up to 10 percent of the funds awarded may be used for the administration of area plans and an

adequate proportion of funds awarded to area agencies must be used for access, legal and in-home services. Funds may be used for other services and for the acquisition, renovation, alteration, or construction of multipurpose senior centers.

Formula Description: Programs are funded on a federal/state matching basis as follows: State agency administrative activities, 75 percent to 25 percent; administration of area plans, 75 percent to 25 percent; supportive services and multipurpose senior centers, 85 percent to 15 percent. The statistical factor used for fund allocation is the state population of persons 60 years of age and over. This program has maintenance of effort requirements.

93.045 SPECIAL PROGRAMS FOR THE AGING—TITLE III, PART C—NUTRITION SERVICES

Program Description: This program finances the provision of congregate and home-delivered meals to older Americans. Nutrition education and other appropriate nutrition services are also provided.

Formula Description: The nutrition services programs are funded on a federal/state matching basis of 85 percent/15 percent. For each fiscal year, state resources must provide not less than 25 percent of the nonfederal share of each state's total Title III expenditures for state or local public sources. The statistical factor used for fund allocation is the state population of persons 60 years of age and over. Statistical factors for eligibility do not apply to this program. The area agency administration portion is funded at a 75 percent/25 percent ratio.

93.046 SPECIAL PROGRAMS FOR THE AGING—TITLE III, PART D—IN-HOME SERVICES FOR FRAIL OLDER INDIVIDUALS

Program Description: This program is designed to provide grants to states for in-home services to frail older individuals, including in-home supportive services for older individuals who are victims of Alzheimer's disease and related disorders with neurological and organic brain dysfunction, and to the families of such victims. Each state shall develop eligibility criteria that take into account age, greatest economic needs, non-economic and non-health factors contributing to frailty, and non-economic and non-health factors contributing to the need for in-home services. A state plan covering 2, 3, or 4 years, with annual revisions as necessary must be submitted to state agencies for approval.

Formula Description: This program is funded on a federal/state matching basis at a ratio of 85 percent/15 percent. For each fiscal year state resources must provide not less than 25 percent of the nonfederal share of each state's total Title III expenditures for state or local public sources. The statistical factor used for fund allocations is the state population of persons 60 years of age and over.

93.048 SPECIAL PROGRAMS FOR THE AGING—TITLE IV—TRAINING, RESEARCH AND DISCRETIONARY PROJECTS AND PROGRAMS

Program Description: This program is designed to provide adequately trained personnel in the field of aging, to improve knowledge of the problems and needs of the elderly, and to demonstrate better ways of

improving the quality of life for the elderly. Funds may be used to train persons to work in the field of aging and to increase the availability and accessibility of training and education programs in the field of aging; and to conduct activities for the development of knowledge to improve the circumstances of older people. Some of these activities may be conducted by centers of gerontology.

Formula Description: This program has no statutory formula. Grants are awarded on a discretionary basis. Matching requirements may be required of any grantee to the extent deemed appropriate by the Commissioner on Aging.

Account Identification: 75-1536-506

	FY 1994	FY 1995	FY 1996

93.049 SPECIAL PROGRAMS FOR THE AGING— TITLE II—PRECONFERENCE PROGRAMS FOR THE WHITE HOUSE CONFERENCE ON AGING

Program Description: Grant funds are available to states to assist state agencies on aging and area agencies on aging in carrying out programs to protect the rights of vulnerable elders. Funds are used to design and implement programs for state outreach, counseling, and assistance programs for insurance and other public benefits.

Formula Description: Allocation is based on decennial census of population over 60 years of age. No matching funds are required. However, this program requires a maintenance of effort.

Account Identification: 75-0142-506

	FY 1994	FY 1995	FY 1996

DEPARTMENT OF AGRICULTURE

10.025 PLANT AND ANIMAL DISEASE, PEST CONTROL, AND ANIMAL CARE

Program Description: This program is designed to protect U.S. agriculture from economically injurious plant and animal diseases and pests, to ensure the safety and potency of veterinary biologics, and to ensure the humane treatment of animals. Usual activities include surveys, demonstration projects, inspections to detect and appraise infestations, eradication and control activities, and the administration

of regulatory actions to prevent interstate spread of infestations and diseases.

Formula Description: Recipients share the project or program costs. The cost-sharing arrangements are developed between the U.S. Department of Agriculture and the recipients in advance of the program.

Account Identification: 12-1600-352

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$199	\$173	\$316

State Trust Fund: 826 - Agricultural Federal Projects

State Programs Supported	Pop. Served	Area
• Brucellosis Information System	General	Statewide
• Pseudorabies Eradication	General	Statewide

10.153 MARKET NEWS

Program Description: This program is designed to provide timely and accurate information on prices, demand, movement, volume, and quality of all major U.S. agricultural commodities. The dissemination of technical information can be used by anyone as a basis for judging prevailing commodity values. Market news information is disseminated by the news media, as well as by mimeographed reports, bulletin boards, telephone, facsimile machines, data networks, and telegraph.

Formula Description: This program has no statutory formula.

Account Identification: 12-2500-352

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$4	\$4	\$4

10.156 FEDERAL-STATE MARKETING IMPROVEMENT PROGRAM

Program Description: Project grants under this program are intended to develop and apply standards of quality and condition for agricultural commodities. Programs may assist in improving the marketing and marketability of agricultural products, expand export markets, improve marketing information and promote competitive trading.

Formula Description: States must provide half the cost of the program and perform the work with state personnel.

Account Identification: 12-2501-352

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$0	\$0	\$237

• Foreign Soy Food Market Expansion	General	Statewide
• Export Market Channel Quality Losses Responsibility	General	Statewide

10.163 MARKET PROTECTION AND PROMOTION

Program Description: This program is designed to prevent mislabeled seed from moving in interstate commerce by providing for random sampling of seeds to ensure accurate labeling of seed characteristics. The plant variety protection program offers legal protection by providing the equivalent of a patent to developers of new varieties of plants that reproduce. The research and promotion programs provide for the collection of an assessment for each commodity covered by statutes to enable the commodity industries to carry out research and promotion activities. It is the responsibility of the Agricultural Marketing Service to ensure responsible use of these assessments in meeting the research and promotional objective.

Formula Description: This program has no statutory formula.

Account Identification: 12-2500-352

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$32	\$407	\$405

66.700 CONSOLIDATED PESTICIDE COMPLIANCE MONITORING AND PROGRAM COOPERATIVE AGREEMENTS

Program Description: This program is designed to support and strengthen pesticide compliance monitoring, inspection and enforcement activities. States are reimbursed for costs specifically

incurred in purchasing inspection supplies and equipment; reimbursing state travel and per diem expenses; and paying salaries for personnel performing inspections. Common program activities include: (1) inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; (2) inspections of pesticide products at production facilities and in the retail marketplace to ensure industry compliance with registration, classification, and labeling requirements; and (3) initiation of appropriate enforcement action when violations are detected, including civil criminal prosecution, stop sale orders, seizures, recalls and warning notices.

Formula Description: A 15 percent cost sharing is required.

Account Identification: 68-0108-304

84.186 SAFE AND DRUG-FREE SCHOOLS STATE GRANTS

Program Description: This program establishes state and local programs of alcohol and drug abuse education and prevention coordinated with related community efforts and resources.

Formula Description: Allocations are made to states and territories. An allocation is made to each state based on the state's school age population and Chapter 1 allocations. Most of the allocation is administered by state education agencies (SEAs) for drug and alcohol abuse education and prevention programs in local school systems. Ninety percent of the funds received by an SEA must be granted to local educational agencies (LEAs). The remainder of the amount paid to a state is used by the governor's office for grants and contracts with

community-based organizations for the development and implementation of broadly-based programs of alcohol and drug abuse education and prevention. The governors' offices must also award minimum percentages of funds for high-risk youth, drug abuse resistance education (DARE) and replication of successful drug education programs.

93.003 PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND

Program Description: This program is designed to provide supplemental funding for public health and social service emergencies created by the Midwest Floods of 1993. Funds are available for any activity authorized by the U.S. Department of Health and Human Services for repair or replacement of property used in connection with federal or federally assisted programs damaged or destroyed by the Midwest Floods. Individuals and families participating in HHS programs affected by the disaster may also qualify for related assistance.

Formula Description: This program has no statutory formula or matching requirements.

93.101 GRANTS FOR RESIDENTIAL TREATMENT PROGRAMS FOR PREGNANT AND POSTPARTUM WOMEN

Program Description: This grant supports a variety of programs promoting health issues for pregnant and postpartum women. Targeted issues include alcohol and substance abuse prevention, AIDS and other disease prevention, mental health, pre-natal exposure to alcohol, job training and other economic well being issues. Funds are to support programs and may not supplant existing funding sources.

Formula Description: The state matching requirement is 10 percent of the total cost for the first two years and 33 percent for subsequent years.

Account Identification: 75-1362-550

	FY 1994	FY 1995	FY 1996

93.144 DEMONSTRATION GRANTS FOR THE PREVENTION OF ALCOHOL AND OTHER DRUG ABUSE AMONG HIGH RISK POPULATIONS

Program Description: This program is designed to support prevention demonstration programs that will develop client and/or service systems targeted toward: (1) decreasing the incidence and prevalence of drug and alcohol use among high-risk youth; (2) diminishing the risk factors for using alcohol and other drugs as they impact on individual high-risk youth and on the environments in which high-risk youths and their families function; (3) increasing resiliency and protective factors within high-risk youth and within high-risk families and communities to reduce the likelihood that youths will use alcohol and other drugs; (4)

coordinating and integrating the non-use messages and activities of the many human service systems and other social influences affecting high-risk youth into comprehensive, multilevel prevention communities; and (5) increasing the availability and accessibility prevention, treatment and rehabilitation of youths already using alcohol and other drugs. The specific aims and objectives of an applicant need not address all of these program goals. However, proposed projects should be consistent with one or more of them.

Formula Description: This program has no statutory formula or matching requirements.

Account Identification: 75-1361-550

93.169 DEMONSTRATION GRANTS ON MODEL PROJECTS FOR PREGNANT AND POSTPARTUM WOMEN AND THEIR INFANTS (SUBSTANCE ABUSE)

Program Description: This program is designed to (1) promote the involvement and coordinated participation of multiple organizations in the delivery of integrated, comprehensive services for alcohol and other drug using pregnant and postpartum women and their families; (2) increase the availability and accessibility of prevention, early intervention, and treatment services for these populations; (3) decrease the incidence and prevalence of drug and alcohol use among pregnant and postpartum women; (4) reduce the incidence of abuse and neglect among children of alcohol and other drug-using mothers; (5) improve

the birth outcomes and reduce the infant mortality of women who use alcohol and other drugs during pregnancy and decrease the incidence of infants affected by maternal substance use; (6) reduce the severity of impairment among children born to substance using women; (7) improve the recognition of co-occurring mental and substance abuse disorders among providers; and (8) increase the availability, accessibility and coordination of comprehensive mental health and substance abuse programs for pregnant and postpartum women who have mental and substance abuse disorders.

Formula Description: This program has no statutory formula or matching requirements.

93.179 STATE DATA COLLECTION—UNIFORM ALCOHOL AND DRUG ABUSE DATA

Program Description: This program is designed to help support the enhancement of data collection capabilities at the state level through adoption of national data standards. The adoption of uniform data is intended to result in improved care of persons with alcohol and drug abuse problems, better management of alcohol and drug abuse services, and an expanded epidemiological data base. Grant funds are to be added to funds already available from other sources; they are not to be used to replace existing resources.

Formula Description: This program has no statutory formula or matching requirements. Grants are awarded on a discretionary basis.

93.902 MODEL COMPREHENSIVE DRUG ABUSE TREATMENT PROGRAMS FOR CRITICAL POPULATIONS

Program Description: This program is designed to enhance existing drug abuse treatment programs for specific population sub-groups called critical populations: adolescents, racial/ethnic minority populations and residents of public housing, with the ultimate goal of improving treatment for these populations. Funds cannot be used to create new programs. Projects are selected by their merit. The criteria for selection are: 1) relevance of project objectives to goals of the grant program; 2) extent of coordination with state and/or local drug and alcohol abuse prevention, treatment, or rehabilitation programs, health care facilities (including HIV/AIDS related service agencies), community or voluntary groups and/or other relevant programs and systems; 3) extent to which the proposed program enhancements, together with the applicant's existing services, constitute a "model" approach to treatment for the critical population; 4) potential for national significance of the proposed project in terms of developing an approach

with applicability and replicability elsewhere; 5) adequacy of plans for evaluating all clients concerning drug use, alcohol use, mental health problems and, as appropriate, HIV knowledge and sero status, and treatment referral; 6) adequacy of approach to meet multiple needs of population at individual developmental stages and across stages; 7) evidence that the proposed project is ethnically, racially, and culturally relevant; 8) clarity, feasibility, and appropriateness of evaluation plans; and 9) capability and experience of project director.

Formula Description: This program has no statutory formula. Grants are awarded on a discretionary basis.

93.949 HIV/AIDS AND RELATED DISEASES AMONG SUBSTANCE ABUSERS—COMMUNITY-BASED OUTREACH AND INTERVENTION DEMONSTRATION PROGRAM

Program Description: Federal funds are available (1) to demonstrate the replicability of community-based intervention strategies (models) designed to alter behaviors that contribute to the spread of the human immunodeficiency virus (HIV) and related diseases among intravenous drug users (IDUs), other high-risk drug abusers, their sexual partners, and other close contacts, and if possible; (2) to determine if these altered behaviors produce changes in the incidence of HIV, sexually transmitted diseases (STDs) and tuberculosis (TB). No less than 98 percent of the total amount awarded must be allocated for outreach programs performed by sub-recipients. From any remaining funds, the

state may recover up to its actual costs (but in no case more than 2 percent) of administration (direct and indirect costs) of the grant. Funds may be used for expenses clearly related and necessary to carry out the described project, including both direct costs that can be specifically identified with the project and allowable indirect costs of the organization. Funds cannot be used to supplant current funding for existing activities, either at the grantee or the sub-recipient levels.

Formula Description: Matching is not a requirement. However, preference may be given to sub-applicants that will receive matching funds from state or sub-state agencies or other nonfederal (public or private) sources.

93.950 CAPACITY EXPANSION PROGRAM

Program Description: Grants are available for the expansion of effective, comprehensive treatment capacity for one or more of the following high-risk populations: 1) adolescents; 2) racial and ethnic minorities; 3) pregnant women, 4) female addicts and their children; and 5) residents of public housing. Funds may be used by the recipients toward the expansion of existing programs and the creation of new programs. No less than 97 percent of the total amount awarded must be allocated for treatment improvement programs performed by sub-recipients. From any remaining funds, the state may recover up to its actual costs (but in no case more than 3 percent) of administration (direct and indirect costs) of the grant. Funds may be used for expenses clearly related and necessary to carry out the described project, including both direct costs that can be specially identified with the project and allowable indirect costs of the organization. Funds cannot be used to supplant current funding for existing activities, either at the grantee or the sub-recipient levels.

Formula Description: Matching resources must be financial, as opposed to in-kind, and may be derived from any nonfederal source

(e.g. state or sub-state nonfederal revenues, foundation grants), and to be considered for preference purposes must constitute at least 10 percent of the total annual costs (direct and indirect) of the proposed project(s) for which the assurance is provided. States and/or sub-applicants willing to commit to a nonfederal match that escalates over the period of award will be given special preference for funding.

93.959 BLOCK GRANTS FOR PREVENTION AND TREATMENT OF SUBSTANCE ABUSE

Program Description: This program is designed to provide assistance to states and territories to support projects for the development of more effective prevention, treatment, and rehabilitation programs and activities to deal with alcohol and drug abuse. Not less than 35 percent shall be for drug abuse, not less than 35 percent shall be used for alcohol abuse and not less than 20 percent shall be used for prevention and early intervention of substance abuse. Of the amounts reserved for carrying out drug abuse programs and activities, not less than 50 percent must be expended to provide services to intravenous (IV) drug users. Not less than 10 percent of the total allotment must be used for alcohol and drug abuse programs and services for women (especially pregnant women and women with dependent children) and demonstration projects for the provision of residential treatment services to pregnant women. A new requirement of this block grant is that recipients shall have in effect laws that prevent the sale of tobacco products to minors under the age of 18. There is also a "hold harmless" provision, under which no state can receive less than its FY 1992 block grant allotment for mental health or substance abuse.

Formula Description: Allotments to states are based upon certain weighted population factors including persons aged 18 to 24 in urbanized areas and persons aged 25 to 64.

16.540 JUVENILE JUSTICE AND DELINQUENCY PREVENTION—ALLOCATION TO STATES

Program Description: Grants are made to states and local governments to assist them in planning, operating, coordinating, and evaluating projects for the development of more effective education, training, research, prevention, diversion, treatment, and rehabilitation programs in the area of juvenile delinquency.

Formula Description: Funds are distributed among states on the basis of relative population under the age of 18. No state may be allocated less than \$225,000.

16.549 PART E—STATE CHALLENGE ACTIVITIES (CHALLENGE GRANTS)

Program Description: The Challenge Grant Program is intended to provide funds to develop and adopt programs in one or more of ten specified challenge activities. The ten challenge areas are to: (1) improve health and education programs for youths in the juvenile justice system; (2) provide improved access to counsel for youths in the

juvenile justice system; (3) increase the use of community based alternatives to incarceration; (4) assist in the development of secure treatment facilities for violent juvenile offenders; (5) develop policies to prohibit gender discrimination in the delivery of youth treatment services; (6) establish or develop a state ombudsman to investigate and resolve complaints for the juvenile placement system; (7) develop policies to remove status offenders from secure juvenile facilities if the offense they committed would not be a crime if committed by an adult; (8) develop alternatives to suspension or expulsion from school; (9) develop aftercare programs for juveniles in the justice system to provide services to strengthen the family; and (10) develop a system of coordinating program and fiscal policies for children with emotional and behavioral problems and implementation of a statewide case review system.

Formula Description: States may apply for a grant for each challenge activity not to exceed 10 percent of the state’s total allocation for Part E. No matching funds are required for this grant program.

93.556 FAMILY PRESERVATION AND SUPPORT SERVICES

Program Description: This program is designed to provide community-based family support services that promote the well-being of children and families by enhancing family functioning and child development. Programs should fund family preservation services that serve families at-risk or in-crisis by providing reunification and adoption services, preplacement/preventative services, follow-up services for children after a return from foster care or respite care services designed to improve parenting skills.

Formula Description: State allotments are based on the number of children receiving food stamps. States must provide 25 percent in matching funds.

93.575 CHILD CARE AND DEVELOPMENT BLOCK GRANTS

Program Description: Grants are available to assist low-income families by increasing the availability, affordability and quality of child care services. At least 25 percent of the funds must be used as follows: (1) not less than 75 percent must be used for early childhood development and before- and after-school care; (2) not less than 20 percent must be used for quality improvement activities; (3) the residual funds can be used at the grantee's discretion. Grantees must use the remaining funds (up to 75 percent of the total funds) for direct services or quality improvement activities.

Formula Description: There is no requirement for matching federal funds with grantee funds. Allocations for states are based on a formula that takes into account the number of children below the age given, and the number of children receiving assistance through the School Lunch Program in the state.

Account Identification: 75-1515-609

93.600 HEAD START

Program Description: The Head Start program provides funds to local governments and nonprofit agencies to render comprehensive health, educational, nutritional, social, and other services to economically disadvantaged pre-school children and their families including Indian children and children of migratory workers and their families.

Formula Description: Head Start distributions are first based on prior-year funding. Each recipient receives at least as much as it received the prior year plus a cost-of-living adjustment. Additional "expansion" funds are initially allocated among state areas on the basis of the number of children aged 0-5 in poverty (1990 Census) and the number of AFDC children aged 0-5 in a state. However, final awards of expansion funds are made on an initial basis only to the extent that quality proposals are received.

93.608 CHILD WELFARE RESEARCH AND DEMONSTRATION

Program Description: This program is designed to provide financial support for research and demonstration projects in the area of child and family development and welfare. Grants are provided for: (1) special research and demonstration projects in the field of child welfare which are of regional or national significance; (2) special projects for the demonstration of new methods which show promise of substantial contribution to the advancement of child welfare; and (3) projects for the demonstration of the use of research in the field of child welfare. Contracts are for the conduct of research, evaluation, or demonstration projects.

Formula Description: There is no statutory formula. Grantees are required to provide at least 5 percent of total direct costs. The amount of matching required is specified in all announcements of availability of grants and may be cash or in kind.

93.614 CHILD DEVELOPMENT ASSOCIATE SCHOLARSHIPS

Program Description: This program is designed to support the cost of assessing and providing credentials to candidates for certification as child development associates. Funds may be used only to pay the cost of assessment and provision of credentials to child development associate candidates. Up to 10 percent of the total awarded to each state may be used for administrative costs.

Formula Description: The amount of each award is determined by a formula that distributes funds among states based on their share of the

total population. If one or more states choose not to apply, allocations will be redistributed among the states that have applied.

93.645 CHILD WELFARE SERVICES—STATE GRANTS

Program Description: Program funds help to establish, extend, and strengthen a broad range of child-oriented and family social services. The overall purposes of the program are to strengthen the family, prevent family break-up, and enable children to remain in the home or where that is impossible to provide alternate permanent homes for them. The grants may be used for: cost of personnel to provide protective services to children; licensing of and standard-setting for private child-caring agencies and institutions; and assisting with costs of homemaker services, return of runaway children, and prevention and reunification services. Funds for foster care maintenance, daycare and adoption assistance are limited.

Formula Description: Each state receives \$70,000, with the balance allocated on the basis of population under 21 and state per capita personal income. Appropriations above \$141 million are allocated on the basis of the same factors, but only to those states satisfying statutory requirements for specified child welfare procedures.

93.656 TEMPORARY CHILD CARE AND CRISIS NURSERIES

Program Description: This program is designed to provide temporary non-medical care for handicapped children and children with chronic or terminal illnesses to alleviate social, emotional and financial stress among the families of such children; and to provide crisis nurseries for children who are abused and neglected, are at-risk of abuse or neglect, or are in families receiving child protective services. In the award of funds by a state, priority consideration must be given to organizations and agencies working with chronically ill and handicapped children, and those working with abused or neglected children.

Formula Description: Grantees may be required to provide matching funds of 25 percent. Of the funds awarded to each state, no more than 5 percent may be used for administrative costs. One-half of the funds appropriated must be used for temporary child care and one-half used for crisis nurseries.

Account Identification: 75-1536-506

93.658 FOSTER CARE—TITLE IV-E

Program Description: This open-ended assistance provides federal financial participation for state spending on behalf of eligible children who need care away from their families (in foster care) and who are in the placement and care of the state agency administering the program. This grant is nominally a state entitlement.

Program Description: The formula for this program varies, depending on whether the child welfare services (CWS) program is fully funded. If CWS is not fully funded, the program is open-ended. Payments to providers are matched using the federal Medicaid matching percentage, and state administration receives a 50 percent match. If CWS is fully funded allocations of a capped amount are made based on prior-year funding.

Account Identification: 75-1545-506

93.659 ADOPTION ASSISTANCE

Program Description: This open-ended federal assistance is used to support the adoption of children who meet the definition specified in the law. All parents adopting special needs children are eligible for the nonrecurring cost of adoption. States may receive federal financial participation only if state plans have been approved by the Secretary as meeting the requirements of the law.

Formula Description: Reimbursements are based on a state's Medicaid matching rate (50 percent in Illinois), and 75 percent for training and 50 percent for other administrative costs.

• Child Abuse Baby Doe	1,500	Statewide

93.672 COMMUNITY-BASED PREVENTION PROGRAM

Program Description: This program is designed to encourage states to establish and maintain trust funds or other funding mechanisms, including direct state appropriations, to support child abuse and neglect prevention activities. These methods include increasing public awareness regarding problems of child abuse and neglect; encouraging professional groups and persons to recognize and deal with child abuse; making information available on child abuse and neglect to agencies and groups that deal with this problem; and encouraging the development of community based prevention programs.

Formula Description: States that meet all of the eligibility requirements are awarded funds based on the following statutory formula: (a) 50 percent of the total amount appropriated is allotted among each state based on the number of children under the age of 18 in each such state, except that each state shall receive not less than \$30,000; and (b) the remaining 50 percent of the total amount appropriated is allotted in an amount equal to 25 percent of the total amount collected by each such state, in the fiscal year prior to the fiscal year for which the allotment is

being determined, for the children's trust funds of the state for child abuse and neglect prevention activities.

93.673 GRANTS TO STATES FOR PLANNING AND DEVELOPMENT OF DEPENDENT CARE PROGRAMS

Program Description: This program is designed to assist states in the planning, development, establishment, operation, expansion or improvement of services related to dependent care resource and referral, and services related to school age child care before and after school. Forty (40) percent of a state's funds will be available for activities related to information and referral systems and 60 percent for planning and establishing school-age child care. No more than 10 percent may be used for administrative costs. Funds may not be used to pay for the costs of operation of information and referral systems, make cash payments to intended recipients of services, subsidize direct provision of services, or for construction or renovation.

Formula Description: States are required to provide 25 percent of the total costs of the project; the federal share may not exceed 75 percent. Funds are allotted by a formula that provides that each state will receive a share of the total appropriation based on that state's proportion of the total population, except that no state receives less than \$50,000.

Account Identification: 75-1536-506

	FY 1994	FY 1995	FY 1996

93.674 INDEPENDENT LIVING

Program Description: This program is designed to assist states and localities in establishing and carrying out programs designed to assist children, with respect to whom foster care maintenance payments are being made by the state and who have attained age 16, in making the transition from foster care to independent living. Grants may be used on behalf of eligible youths for skill development, and education or training related to independent living but not for room and board.

Formula Description: Funds are awarded on an entitlement percentage basis. There are no matching requirements for the basic program. Funds over the basic amount require a 50 percent match. The amount to which a state shall be entitled is based on the state's average number of children receiving foster care maintenance payments in FY 1984 relative to the total of the average number of children receiving payments for all states for FY 1984.

DEPARTMENT OF COMMERCE AND COMMUNITY AFFAIRS

08.106 PETROLEUM VIOLATION OVERCHARGE FUNDS

Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996.

Program Description: This money is Illinois' share from the escrow accounts established by the Department of Energy in response to determinations of petroleum violation overcharges. Illinois had to file a proposed refund utilization plan, which was submitted in May, 1984 with second stage plans submitted in March 1986. Portions of that plan had to be resubmitted. The Illinois Department of Energy and Natural Resources was the single point of contact designated for this program. The money now goes directly to the Department of Commerce and Community Affairs.

Formula Description: The distribution of funds is based on estimated fuel consumption in each state during the period of overcharge. Repayments are distributed at 90-day intervals as cases are settled and funds become available. The Department of Energy estimates that all remaining cases might not be settled for several years, thereby delaying the final distribution to states.

Account Identification: 89-0215-272

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$575	\$39	\$2,003

Note: Illinois received an additional \$1.4 million in interest on this program in 1995 and \$1.2 million in 1996.

11.112 EXPORT PROMOTION—MARKET DEVELOPMENT COOPERATOR

Program Description: Funds are available to maintain and expand foreign markets for nonagricultural goods and services produced in the United States. Applicants develop marketing plans appropriate to industries that they represent. Cooperators (a group potentially composed of state trade officials, industry representatives, and nonprofit organizations) develop and implement a marketing plan in conjunction with the International Trade Administration.

Formula Description: The total Department of Commerce contribution will not exceed \$500,000 per applicant. Applicant contributions should generally be two- thirds of the total cost of the project. One half of the applicants contribution should be new expenditures expressly for the project.

Account Identification: 13-1250-376

11.303 ECONOMIC DEVELOPMENT—TECHNICAL ASSISTANCE

Program Description: Grants are used to provide information, data, and technical know-how in evaluating and implementing specific

projects that promote economic development in depressed areas. Projects can: 1) enlist designated university centers in promoting economic development; 2) support demonstration projects; 3) disseminate information and studies of national significance on economic development issues; and 4) finance feasibility studies and other projects leading to local economic development.

Formula Description: This program has no statutory formula. Grantees must contribute 25 percent of total cost in cash or in-kind.

Account Identification: 13-2050-452

	FY 1994	FY 1995	FY 1996

11.613 STATE TECHNOLOGY EXTENSION PROGRAM

Program Description: The objective of this program is to assist states in developing a coordinated network of technical assistance programs to help American businesses, particularly small and medium-sized businesses, to enhance their competitiveness through the application of science and technology.

Formula Description: A state may be required to provide adequate assurances that it will increase its spending on technology extension services by an amount at least equal to the amount of federal assistance.

Account Identification: 13-0500-376; 13-0525-376

12.002 **PROCUREMENT TECHNICAL ASSISTANCE FOR BUSINESS FIRMS**

Program Description: This program is designed to assist eligible entities in the payment of the costs of establishing and carrying out new procurement technical assistance programs and maintaining existing procurement technical assistance programs. Recipients are to provide marketing and technical assistance to business firms in selling their goods and services to the Department of Defense (DoD), thus enhancing the business climate and economies of the communities being served.

Formula Description: The DoD share shall not exceed 50 percent of the net cost of a single procurement technical assistance program, excluding any federal funds and other income. The DoD share may be increased up to 75 percent for an existing program or new start that qualifies solely as a distressed area. In no event shall the DoD share of the net program cost exceed \$150,000, or \$300,000 in the case of a statewide program. The DoD share of the net program shall not exceed \$450,000 per state and \$850,000 per single administrative region.

14.228 **COMMUNITY DEVELOPMENT BLOCK GRANTS—STATE'S PROGRAM**

Program Description: This program (also called the "small cities" program) allows states to administer all aspects of the program for the small cities within their boundaries through a block grant. The primary objective of this program is the development of viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities— principally for low or moderate incomes. Activities acceptable under this program

include acquisition, rehabilitation or construction of certain public works facilities, housing rehabilitation, and economic development.

Formula Description: Non-entitlement cities receive 30 percent of CDBG funds. The distribution formula is similar to that of the entitlement portion. If the state elects to administer the program, the funds flow to the state, which redistributes them to localities. A state may retain up to \$100,000 plus two percent of its grant for administration and must match each federal dollar in excess of \$100,000 used for administration.

Account Identification: 86-0162-451

14.231 EMERGENCY SHELTER GRANTS PROGRAM (ESG)

Program Description: This program is designed to: (1) help improve the quality of existing emergency shelters for the homeless, (2) make available additional emergency shelters, (3) meet the costs of operating emergency shelters and of providing essential social services to homeless individuals, and (4) help prevent homelessness.

Formula Description: The amount of each grant for formula grantees is determined by the Community Development Block Grant (CDBG) formula that uses several objective measures of community need, including poverty, population, housing overcrowding, age of housing

and growth lag. If, according to the formula, a city or county receives less than .05 percent of each appropriation in any fiscal year, the city or county does not receive the funds. Instead, the amount is added to the allocation for the state in which the city or county is located. A state must allocate to its units of general local government or to nonprofit organizations the entire grant amount that it is awarded. Each grantee must supplement its grant amount with an equal amount of funds from other sources.

14.856 LOWER INCOME HOUSING ASSISTANCE PROGRAM— SECTION 8 MODERATE REHABILITATION

Program Description: This program provides housing assistance payments to participating owners on behalf of eligible tenants to provide decent, safe and sanitary housing for very low income families at rents they can afford. Housing assistance payments are used to make up the difference between the approved rent due to the owner for the dwelling unit and the occupant family's required contribution towards rent.

Formula Description: There are no matching requirements.

17.207 EMPLOYMENT SERVICE ADMINISTRATION

Program Description: These funds finance allotments to states under the Wagner-Peyser Act to provide no-fee employment services to workers seeking jobs and employers seeking workers. Most of the funds are generated by unemployment taxes paid by employers. Monies are provided for salaries, non-personnel services, data processing costs, and overhead expenses. Since 1984, this program has been forward-funded, e.g., budget authority enacted in 1994 is to be used in 1995. In Illinois this grant will be used to implement the One-Stop Career System. The One-Stop Career System is designed to organize the current fragmented delivery into a unified benefit delivery system.

Formula Description: Since 1984, funds have been distributed on the basis of a new formula included in the Job Training Partnership Act of 1982. The distribution is based on a 1983 base allocation, with increases based on calendar year, state civilian work force, and unemployment. States are guaranteed a minimum of 90 percent of their previous year's relative share of the total. In addition, three percent of formula funds are set aside to guarantee small states 100 percent of their prior-year share, and to reduce losses for other states.

17.246 EMPLOYMENT AND TRAINING ASSISTANCE—
DISLOCATED WORKERS

Program Description: This program helps dislocated workers obtain unsubsidized employment through training, including classroom and on-the-job, and related employment services such as job search assistance, job development placement assistance, supportive services, needs-related payments, and relocation services. Dislocated workers are displaced from their jobs by technological and other changes in the economy.

Formula Description: Funds are distributed on the basis of total unemployment, long-term unemployment (15 weeks or more), and excess unemployment (over 4.5 percent). The Secretary is authorized to withhold (and has withheld) up to 25 percent of total funds for assisting individuals affected by mass layoffs, natural disasters, federal government actions, or those residing in high unemployment areas or designated enterprise zones. There are no matching requirements.

17.248 EMPLOYMENT AND TRAINING RESEARCH AND DEVELOPMENT PROJECTS

Program Description: Research projects are for the purpose of developing employment and training knowledge with special emphasis on generalized policy and program applications. Studies may be limited to special areas only where they can be shown to provide a basis for generalized conclusions or application over a wide area. Although service delivery is not the primary function of pilot, experimental and demonstration projects, the demonstration population participating in them receives services specific to the project design. Experimental and demonstration funds are concentrated on developing new techniques which might significantly guide overall policy and programming. They are not available to extend methods developed in given areas or occupations (even though such projects might have distinctive elements and be useful to the particular area), or to make up for perceived inadequacies in the level of resources available for local employment and training programs.

Formula Description: In certain instances, organizations are required to make a more than token contribution to the total costs of the project.

17.249 EMPLOYMENT SERVICES AND JOB TRAINING—PILOT AND DEMONSTRATION PROGRAMS

Program Description: This program is designed to provide, foster, and promote job training and other services that foster new or improved linkages between the network of federal, state, and local employment, training, and human resource agencies and components of the private sector. Programs operate in more than one state and serve groups with particular disadvantages in the labor market. Funds may be used to provide or arrange for job training, related services, and job opportunities for members of groups with particular disadvantages in the general labor market or in certain segments of the labor market. These groups may include displaced homemakers, offenders, persons with limited English-speaking ability, handicapped persons, youth, single parents, women, minorities, displaced workers, and persons lacking educational credentials. Funds under this program are awarded primarily on a competitive basis.

Formula Description: This program has no statutory formula, but one may be administratively imposed for particular solicitations or groups of awards. In unsolicited proposals where in-kind or cash matching is proposed, the proposals should include documentation of the proposed match.

17.250 JOB TRAINING PARTNERSHIP ACT (JTPA)

This federal assistance program provides funds under several categories. Each of these categories is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit of this program.

(1) TITLE IIA—ADULT TRAINING PROGRAM

Program Description: This grant is intended to provide job training services to prepare adults facing serious barriers to employment for participation in the labor force. Service Delivery Areas (SDAs) at the local level target programs to the economically disadvantaged to increase occupational skills and decrease welfare dependency.

Formula Description: Funds are allotted to states on the following basis: one-third on the basis of substantial unemployment (above 6.5 %), one-third on the basis of excess unemployment (above 4.5%), and one-third on the basis of the relative number of economically disadvantaged population.

Account Identification: 16-0174-504

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$49,693	\$43,534	\$40,543

State Trust Fund: 883 - Intra Agency Services Fund
913 - Job Training Partnership Fund

State Programs Supported	Pop. Served	Area
• Title IIA Adult/Youth Training	15,010	Statewide
• Older Workers Program	1,237	Statewide

(2) TITLE IIC—YOUTH TRAINING PROGRAM

Program Description: This program is intended to help prepare youth facing serious barriers to employment and prepare them to enter the workforce. Services provided include job training, and increased educational and skills training to promote long term employment and decreased welfare dependency. Title IIC is the year-round portion of the job training program.

Formula Description: Youth training funds are allotted to states on the following basis: one-third on the basis of substantial unemployment (above 6.5 %), one-third on the basis of excess unemployment (above

4.5%), and one-third on the basis of the relative number of economically disadvantaged population.

Account Identification: 16-0174-504

State Trust Fund: 913 - Job Training Partnership

State Programs Supported	Pop. Served	Area
• Title IIC Youth Training Program	10,957	Statewide

(3) **TITLE IIB—SUMMER YOUTH EMPLOYMENT PROGRAM (SYEP)**

Program Description: This program subsidizes part-time employment and training activities during the summer for economically disadvantaged youth. The program, which preceded the passage of the Comprehensive Employment and Training Act (CETA), was then funded under CETA, and is now funded under the Job Training Partnership Act of 1982. Beginning in 1984, most of the monies provided for this program have been forward-funded--budget authority enacted for 1994 is to be used in the summer of 1995.

Formula Description: Half of these funds are distributed on the basis of prior-year allocations. The balance is distributed on the basis of the number of total unemployed persons and the number of low-income adults, with states receiving at least 90 percent of their prior year share.

Account Identification: 16-0174-504

17.504 CONSULTATION AGREEMENTS

Program Description: This program is designed to ensure safe and healthful working conditions through: (1) advisory services and counseling for employees, employers, state and local governments

concerning occupational safety and health; (2) project grants to states to: (a) administer and enforce state programs for occupational safety and health, limited to states having federally approved plans, and (b) collect statistical estimates of occupational injuries and illnesses. (Note: Arrangements for statistical operating grants are handled for the Occupational Safety and Health Administration by the Bureau of Labor Statistics, Department of Labor); (3) training and related services for workers, employers and their representatives in recognition, avoidance, and control of unsafe and unhealthful working conditions; (4) investigation of valid complaints of violations of occupational safety and health standards; (5) dissemination of technical information about occupational safety and health to interested employees, employers, and the general public; and (6) unrestricted cooperative agreements with states to provide consultative services to small businesses.

Formula Description: The federal share for each state's statistical operating grant may not exceed 50 percent of the total cost to the state. The federal share for each state on-site consultative contract may not exceed 90 percent of the total contract to the state. Matching is required for training and education grants. The percentage is not specified, but it is expected to increase each year of the grant.

17.700 WOMEN'S SPECIAL EMPLOYMENT ASSISTANCE

Program Description: This program is designed to enhance employment opportunities by expanding training opportunities for women to encourage entry into better paying careers, especially in technological or nontraditional fields. The program encourages cooperation with governmental, community, and business groups to provide support services and information systems dealing with women's employment issues.

Formula Description: This program has no statutory formula.

17.802 VETERANS EMPLOYMENT PROGRAM (JTPA TITLE IV-C)

Program Description: This program is designed to develop programs to meet the employment and training needs of service-connected disabled veterans, veterans of the Vietnam-era, and veterans who were recently separated from military service. Programs supported with these funds shall include: (1) activities to enhance services provided to eligible veterans by other providers of employment and training services funded by federal, state or local governments; (2) activities to provide employment and training services to eligible veterans not adequately provided by other public employment and training service providers; and (3) outreach and public information activities to develop and promote maximum job and training opportunities for eligible veterans.

Formula Description: Any state applying for funds is required to demonstrate that it will expend funds or provide in-kind services from public or private sources in an amount at least equal to the grant being sought. Applicants are encouraged to utilize other JTPA program funds to satisfy this requirement.

Account Identification: 16-0174-504

59.037 SMALL BUSINESS DEVELOPMENT CENTER (SBDC)

Program Description: This program is designed to provide management counseling, training, and technical assistance to the small business community through Small Business Development Centers (SBDCs).

Formula Description: The SBA provides funds, the amount being determined on a pro-rata share of \$75 million based on population to be served by the SBDC as compared to the total population in the United States, or \$200,000 whichever is greater. The recipient provides nonfederal funds of at least a dollar per dollar match, although additional funds may also be contributed by nonfederal sources.

81.041 STATE ENERGY CONSERVATION

Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996. This program also includes monies previously reported in the Department of Energy and Natural Resources under 81.052.

Program Description: This program is designed to assist in the development and implementation of state energy conservation. Each state plan must contain the five program measures as required by the Energy Policy and Conservation Act. The plan must also contain a proposed state energy conservation goal, consisting of a projected reduction in the total amount of energy consumed in the state as a result of the implementation of the energy conservation plan.

Formula Description: Funds are allocated on the basis of population and projected energy savings after an equal share has been provided to all states.

Account Identification: 89-0203-270

81.042 WEATHERIZATION ASSISTANCE FOR LOW-INCOME PERSONS

Program Description: This program assists with the improvement of the energy efficiency of dwellings of low-income persons, particularly the elderly and handicapped. Activities financed include the installation of weatherization materials, such as attic insulation, caulking, weather-stripping and storm windows, and furnace efficiency modifications. Up to 10 percent of each local grant may be used for administrative expenses, though no more than five percent of a total state grant may be used for such purposes.

Formula Description: Funds are distributed on the basis of heating degree days squared, cooling degree days squared, number of low-income owners, and number of low-income renters.

Account Identification: 89-0215-999

81.050 ENERGY EXTENSION SERVICE

Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996.

Program Description: This program is designed to assist in building a credible, nonduplicative, state-operated energy outreach program responsive to local needs. The program should encourage individuals and small establishments to reduce energy consumption and to convert to alternative energy sources.

Formula Description: Fifty percent of the funds are allocated on the basis of population and 50 percent are divided equally among the states.

Account Identification: 89-0203-270

	FY 1994	FY 1995	FY 1996

81.079 REGIONAL BIOMASS ENERGY PROGRAMS

Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996.

Program Description: This program is designed to build state and municipal capacity for accelerating technology deployment in partnership with industry; and provide assistance in outreach, public education and behavior modification activities. It is also designed to conduct a balanced, long-term research effort aimed at providing the generic technology base tailored to specific regions of the country for feed stock production, conversion technologies, and municipal solid waste. Grants will be offered to develop and transfer technology to various regions of the United States.

Formula Description: This program has no statutory formula, but cost-sharing is encouraged and is a factor in the award decision process.

81.087 RENEWABLE ENERGY RESEARCH AND DEVELOPMENT

Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996.

Program Description: This program is designed to conduct balanced research and development efforts in the following energy technologies; solar building, photovoltaics, solar thermal, biomass, alcohol fuels, urban waste, wind, ocean, and geothermal. Grants are offered to develop and transfer to the nonfederal sector various renewable energy technologies.

Formula Description: This program has no statutory formula, but cost-sharing is encouraged.

81.089 FOSSIL ENERGY RESEARCH AND DEVELOPMENT

Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996.

Program Description: The primary mission of the fossil energy (FE) program is to support long-term, high risk research and development with high potential payoff that will help increase domestic production of oil and gas or that will permit the nation to shift from the use of oil and gas to more abundant coal and oil shale sources. Near term technical support for large scale process activities is limited to cases where the government has a unique source or facility. The long-range research activities in fossil energy focus on acquiring the technology base necessary for industry to develop and demonstrate hardware with minimal government involvement.

Formula Description: This program has no statutory formula. Grants are awarded on a discretionary basis. Matching rates vary with each grant/cooperative agreement.

Account Identification: 89-0213-271

81.105 NATIONAL INDUSTRIAL COMPETITIVENESS THROUGH ENERGY, ENVIRONMENT, AND ECONOMICS (NICE3)

Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996.

Program Description: In conjunction with the Environmental Protection Agency these project grants are designed to encourage industrial competitiveness through energy conservation, pollution prevention, and enhanced efficiency. Grants will be awarded to projects demonstrating innovative methods of reducing waste and pollution, or the coordination of pollution prevention efforts at federal, state and local levels. The industries of special interest are those that are identified as having the highest energy consumption and the greatest levels of generation of pollutants. Industries of particular interest are chemicals and allied products; petroleum and coal products; paper and allied products; and primary metal industries. Excluded from the scope of the program are the following areas: noise; nuclear radiation/nuclear waste including waste disposal/remediation; electromagnetic radiation; waste heat recovery; changes in toxicity of waste through treatment; waste disposal; remediation of hazardous waste sites; end-of-pipe treatment; cost-media containment shifts; and municipal solid waste projects.

Formula Description: This program requires at least a dollar for dollar match with some combination of state and industrial partner monies. State agencies are required to manage the projects.

93.568 LOW-INCOME HOME ENERGY ASSISTANCE (LIHEAP)

Program Description: This program provides grants to states and other jurisdictions to assist eligible low-income households in meeting the costs of home energy. States can provide regular heating assistance benefits or energy crisis assistance which may include cooling costs or weatherization assistance. Supplemental leveraging incentive funds may be awarded to states that provide additional benefits and services to LIHEAP eligible households beyond federal funding. As of FY 1995, funds are no longer allowed to be transferred to other HHS programs. Up to 10 percent of these funds can be used for state and local planning.

Formula Description: There is no requirement for matching. Since 1985, program allocations have been based on a state's proportion of the national total of home energy consumption by low-income households, with hold-harmless and minimum provisions. States were held harmless in 1985 to their 1984 levels, and guaranteed at least 95 percent of their 1984 levels for all subsequent fiscal years.

93.569 COMMUNITY SERVICES BLOCK GRANT

Program Description: This program provides funds to states to help communities assist in facilitating a variety of services for the poor. The block grant replaced federal programs formerly operated through the Community Services Administration. Funds may be used to develop programs that attack the causes of poverty, educate and train the impoverished, provide for improving the health, housing, and nutrition of the poor, and coordinate and encourage efforts with governmental and private organizations to improve the quality of life for the underprivileged population in communities.

Formula Description: Each state receives the same share of funds as its local agencies previously received under the old programs, except that no state may receive less than 0.5 percent. A portion of the state allocations is provided directly to Indian tribes. This program has no matching requirements.

93.571 COMMUNITY SERVICES BLOCK GRANT
DISCRETIONARY AWARDS—COMMUNITY FOOD AND NUTRITION

Program Description: This program is designed to provide for community-based, local and statewide programs which: (1) coordinate existing private and public food assistance resources to better serve low-income populations, whenever such coordination is determined to be inadequate; (2) assist low-income communities in identifying potential sponsors of child nutrition programs and in initiating new programs in underserved or unserved areas; and (3) develop innovative approaches at the state and local level to meet the nutritional needs of low-income individuals.

Formula Description: (1) Section 406 of the Human Services Reauthorization Act of 1986 prescribes that, from 60 percent of the amount appropriated for Section 681A of the Community Services Block Grant Act, grants shall be awarded to eligible agencies for statewide programs in each state in an amount which bears the same ratio to 60 percent of such appropriations as the low-income and unemployed populations of such state bear to the low-income and unemployed population of all the states. There is no matching requirement. (2) Direct Grants: Section 406 of the Human Services Reauthorization Act of 1986 provides that 40 percent of the amount appropriated for Section 681A of the Community Services Block Grant Act be awarded as direct grants to eligible agencies for local and statewide programs. These awards are made on a competitive basis. This program has no matching requirements.

93.572 EMERGENCY COMMUNITY SERVICES FOR THE HOMELESS

Program Description: This program is created by the Stewart B. McKinney Homeless Assistance Act. It provides a block grant to states to help use public resources and programs in a coordinated manner to meet the critically urgent needs of the homeless, with special emphasis on elderly persons, handicapped persons, families with children, Native Americans, and veterans.

Formula Description: Two percent of funds is allocated to territories and Indian tribes. The balance is allocated on the same basis as the community services block grant, except that no state may receive less than .25 percent of the amount appropriated. This program has no matching requirements.

94.006 AMERICORPS

Program Description: Americorps has four primary goals: (1) provide services with direct and demonstrable results; (2) strengthen communities and unite individuals of different backgrounds in a common effort to improve their community; (3) encourage responsibility through service and civic education; and (4) offer individuals the opportunity to devote a year of public service in exchange for educational awards or repayment of their student loans. Americorp volunteers serve in schools, community development programs, or other projects designed to improve the quality of life within the community.

Formula Description: The formula for this program contains three parts: one-third of the funds will be distributed on the basis of population; one-third will be awarded on a competitive basis with applications submitted to and forwarded by the state; the remaining third will be awarded directly. Fifteen (15) percent of Americorps volunteers' living expenses and 25 percent of program operating expenses must be provided as matching funds.

DEPARTMENT OF CORRECTIONS

01.605 STATE CRIMINAL ALIEN ASSISTANCE

Program Description: Program funds are to be used to reimburse states for costs incurred in the incarceration of any illegal alien who is convicted of a felony by the state. Funds partially offset the costs of imprisoning criminal aliens in facilities within the state during the reimbursement period.

Formula Description: One-third of the available funds are to be awarded to the seven states with the most significant criminal alien population (including Illinois). The remaining funds are available to all 50 states based on the number of states that wish to participate in this program and the figures submitted in their applications.

81.052 ENERGY CONSERVATION FOR INSTITUTIONAL BUILDINGS

Program Description: This program provides grants to states and to public and private nonprofit schools and hospitals, units of local government, and public care institutions to identify and implement energy conservation maintenance and operating procedures, and for schools and hospitals only, to acquire energy conservation measures. Funds may not be used for buildings constructed after May 1, 1989.

Formula Description: Seven percent of the funds is distributed equally among the states. Ten percent is distributed on the basis of the retail cost of energy in the region in which a state is located. The balance is distributed on the basis of the product of a state's population times the sum of its heating and cooling degree days as a proportion of the total of that product for all the states and territories. The Grantee is generally required to match on an equal basis. The state administrative expenses require a 50/50 match.

DEPARTMENT OF EMPLOYMENT SECURITY

17.002 LABOR FORCE STATISTICS

Program Description: This program is designed to provide statistical data on (1) employment and unemployment analysis on the current economic status of workers, based on data from households as well as employment, hours and earnings statistics collected from business establishments; (2) labor force studies, yielding information on such characteristics as educational attainment, work experience, earnings and family relationships; (3) occupational employment statistics, available for a wide variety of occupations, by industry; (4) state and local area labor force employment and unemployment data used to identify areas of high unemployment and for allocations of funds under various federal assistance programs including the Job Training Partnership Act of 1982; (5) employment and wage data for states and counties for workers covered by state unemployment insurance programs; and (6) the extent and nature of mass layoffs and plant closings. Funds in the form of cooperative agreements are available to state employment security agencies for employment, hours and earnings; occupational employment statistics; local area labor force and employment; insured employment and wage, and permanent mass layoff and plant closing programs.

Formula Description: This program has no statutory formula. Grants are awarded on a discretionary basis.

17.203 LABOR CERTIFICATION FOR ALIEN WORKERS

Program Description: This program is designed to protect jobs of American workers and ensure that the wages and working conditions of U.S. workers will not be adversely affected by the admission of nonagricultural workers, and to assist employers by supplementing the work force with needed skills. Aliens who seek to immigrate for employment shall be excluded from admission unless the Secretary of Labor determines and certifies that there are not sufficient U.S. workers available for employment in a particular field and that the employment of such aliens will not adversely affect the wages and working conditions of U.S. workers similarly employed.

Formula Description: This program has no statutory formula.

17.207 EMPLOYMENT SERVICE

Program Description: These funds finance allotments to states under the Wagner-Peyser Act to provide no-fee employment services to workers seeking jobs and employers seeking workers. Most of the funds are generated by unemployment taxes paid by employers. Monies are provided for salaries, non-personnel services, data processing costs, and overhead expenses. Since 1984, this program has been forward-funded, e.g., budget authority enacted in 1994 is to be used in 1995.

Formula Description: Since 1984, funds have been distributed on the basis of a new formula included in the Job Training Partnership Act of 1982. The distribution is based on a 1983 base allocation, with increases based on calendar year state civilian work force and unemployment. States are guaranteed a minimum of 90 percent of their previous year's relative share of the total. In addition, three percent of formula funds are set aside to guarantee small states 100 percent of their prior-year share, and to reduce losses for other states.

17.225 UNEMPLOYMENT INSURANCE STATE ADMINISTRATION

Program Description: This program provides unemployment insurance to eligible workers through federal and state cooperation. Those eligible include all workers whose employers contribute to or make payments in lieu of contributions to state unemployment funds, federal civilian employees, ex-service members, trade readjustment allowance for workers who become unemployed as a result of product imports, and workers whose unemployment is caused by a disaster. Disaster unemployment assistance (DUA) is paid out of funds provided by the Federal Emergency Management Agency (FEMA). Benefits for former federal civilian employees are paid out of the Federal Employees Compensation Account (FECA) in the Unemployment Trust Fund, subject to reimbursement by the former employing agency. Under the Trade Adjustment Assistance (TAA) program, weekly trade readjustment allowances (TRA), TAA training costs (including subsistence and transportation) and the administration of TAA training are paid out of funds of the Federal Unemployment Benefits and Allowance Appropriation account (FUBA). Federal unemployment insurance tax collections are used to finance proper and efficient administration of state unemployment laws, reimburse states for one-half of benefits extended, and make repayable advances to states when needed to make benefit payments.

Formula Description: No matching formula is imposed by law.

Account Identification: 20-8042-999

17.245 TRADE ADJUSTMENT ASSISTANCE—WORKERS

Program Description: This program is designed to provide adjustment assistance to workers adversely affected by increased imports of articles identical to or directly competitive with articles produced by such workers' firm. State employment security agencies (SESA's) serve as agents of the United States for administering the worker adjustment assistance benefit provisions of the Trade Act. SESA's, through their local offices, provide testing, counseling, and job placement services; job search and relocation assistance; training; and payment of weekly trade readjustment allowances (TRA). State unemployment compensation and extended benefits must be exhausted before TRA is paid to eligible claimants. Trade impacted workers are eligible to receive job search and relocation allowances in addition to the costs of training. They may be paid subsistence and transportation allowances to attend approved training outside the normal commuting distance of a worker's regular place of residence.

Formula Description: This program has no statutory formula.

17.801 **DISABLED VETERANS OUTREACH PROGRAM (DVOP)**

Program Description: This program is designed to provide funds to states to (1) provide job and job training opportunities for disabled and other veterans through contacts with employers; (2) promote and develop on-the job training and apprenticeship positions within Veterans' Administration programs; (3) provide outreach to veterans through all community agencies and organizations; (4) provide assistance to community-based groups and organizations grantees under other federal and federally-funded employment and training programs; (5) provide outreach assistance to local employment service offices; (6) develop linkages with other agencies to promote maximum employment opportunities for veterans; (7) promote entry-level and career job opportunities for veterans; and (8) provide job placement, counseling, testing, job referral to eligible veterans, especially disabled veterans of the Vietnam-era.

Formula Description: One DVOP specialist shall be assigned for each 6,900 Vietnam-era veterans who first entered active duty after May 1, 1975 or disabled veterans residing in the state in question. Data are obtained from the Veterans Administration, Office of the Controller, for the previous year. No matching is required.

DEPARTMENT OF INSURANCE

**93.779 HEALTH CARE FINANCING RESEARCH,
DEMONSTRATION AND EVALUATIONS**

Program Description: Grants are available to support analyses, experiments, demonstrations and pilot projects in efforts to resolve major health care financing issues. States may establish programs to aid senior citizens with Medicare Health information and counseling regarding long-term care insurance, comparison of Medicare supplemental policies, and assistance in obtaining benefits and filing claims under Medicare. The areas identified as priority areas for FY 1996 are: 1) monitoring and evaluating health system performance; 2) improving health care financing and delivery mechanisms; 3) future of Medicare; 4) meeting the needs of vulnerable populations; and 5) information to improve consumer choice and health status.

Formula Description: Awardees are required to share in the cost of projects. Normally, the minimum cost-sharing requirement is 5 percent of the total project costs. This program has no statutory formula, except in Section 1115 projects, where the statutory formula is the same as that established for the Medicaid program, both administrative and operational.

14.235 SUPPORTIVE HOUSING PROGRAM

Program Description: The Supportive Housing Program is designed to develop innovative approaches to provide housing for homeless individuals and families, and to mentally or physically disabled persons. The program consists of four parts: transitional housing designed to help those capable of independent living within 24 months; permanent housing for handicapped homeless persons to maximize the independent living experience within a permanent housing environment; innovative supportive housing; and supportive services not in conjunction with supportive housing.

Formula Description: Recipients must match funds for acquisition and rehabilitation with an equal amount of nonfederal funds. The Community Development Block Grant and Community Services Block Grant are considered to be nonfederal funds for these purposes. Time donated by volunteers may be included as matching requirements .

93.104 COMPREHENSIVE COMMUNITY MENTAL HEALTH SERVICES FOR CHILDREN WITH SERIOUS EMOTIONAL DISTURBANCES

Program Description: These project grants support community-based systems of care for children and adolescents with serious emotional disturbances. The program ensures that each child or adolescent receives an individualized program of treatment including consultation with family members coordinated by a designated case manager. Grant funds may be used to pay for program operating expenses such as therapeutic foster care; group home care; intensive home-based services, or intensive day treatment services; administration of the system; appropriate continuing education of two days or less; contracts for performance of activities under the approved project; and other such items necessary to support project activities. Grant funds and required matching cannot be used for construction or building improvement costs or other required services; residential care or services in residential treatment centers serving more than ten children in inpatient hospital settings; any training activities with the exception of those mentioned above; and nonmental health services including mental health medical service, educational service, vocational counseling and rehabilitation, and protection and advocacy.

Formula Description: The matching funds required by the state increase over the life of the program. The state must provide 25 percent in the first three years of the program, 50 percent in the fourth year, and 66 percent in the fifth year.

93.128 GRANTS FOR TECHNICAL ASSISTANCE ACTIVITIES RELATED TO THE BLOCK GRANT FOR COMMUNITY MENTAL HEALTH SERVICES— MENTAL HEALTH STATISTICS IMPROVEMENT PROGRAM

Program Description: This program is designed to assist states in the development of their capacity to collect and use data for the planning, development, and operation of programs or services carried out under the Block Grant for Community Mental Health Services. Funds may be used only for expenses clearly related and necessary to carry out approved community mental health services such as supporting the

development, implementation and use of decision support data systems by state Departments of Mental Health.

Formula Description: This program has no statutory formula or matching funds requirement.

Account Identification: 75-1362-550

93.150 PROJECTS FOR ASSISTANCE IN TRANSITION FROM HOMELESSNESS (PATH)

Program Description: This program was created by the Stewart B. McKinney Homeless Assistance Act. It provides financial assistance to the states to support services to individuals who are homeless or who are subject to a significant probability of becoming homeless. Authorized activities include outreach, community mental health services, diagnostic services, crisis intervention, habilitation and rehabilitation, referrals to hospitals and other providers, staff training, case management, and supportive and supervisory services in a residential setting.

Formula Description: Funds are allocated on the basis of states' relative shares of persons living in urbanized areas, with no state receiving less than \$275,000.

Account Identification: 75-1361-550

93.580 FAMILY RESOURCE AND SUPPORT PROGRAM

Program Description: The goal of the Family Resource and Support Program is to develop, expand, and operate a network of local family resource and support programs in collaboration with existing health, mental health, education, employment and training, and child welfare agencies within the state. Funded programs provide for a variety of core services to assist parents in acquiring parenting skills, screening of children and childhood development issues. Other services provided may include child care, educational services, employability development services, nutritional education, peer counseling and crisis intervention. These funds were used to support the Governor's Task Force on Human Services Reform.

Formula Description: A 20 percent match is required, in cash or in-kind.

93.958 BLOCK GRANTS FOR COMMUNITY MENTAL HEALTH SERVICES

Program Description: This block grant provides funds to support community mental health centers for the provision of services for chronically mentally ill individuals, severely mentally disturbed children and adolescents, mentally ill elderly individuals, identifiable populations that are currently undeserved, and for coordination of mental health and health care services provided within health care centers. Not less than 10 percent shall be used for seriously emotionally disturbed children and adolescents. A transition process will allow states to transfer funds among this block grant and the Block Grant for Prevention and Treatment of Substance Abuse if either allocation is less than the amount the state was required to spend for that purpose in FY 1994.

Formula Description: Allotments to states are based upon certain weighted population factors including persons aged 18 to 24, 25 to 44, 45 to 64, and 65 or older. Total taxable resources of the states as well as differences in the costs of providing community health services are also included.

12.400 MILITARY CONSTRUCTION—ARMY NATIONAL GUARD

Program Description: This program is designed to provide a combat-ready reserve force and facilities for training and administering the Army National Guard units in the 50 states. For armories, this program provides offices, storage, assembly areas, rifle ranges and classrooms. For non-armories, this program provides for maintenance, supply, training, and other administrative and logistical requirements.

Formula Description: Federal funds provide 75 percent of construction costs for armories and 100 percent for nonarmory facilities. The state provides 25 percent of construction funds, all necessary real estate and 100 percent of operations and maintenance costs for armories. The state must provide 25 percent of the operations and maintenance cost for the non-armory projects, except training facilities which are 100 percent federal.

10.063 AGRICULTURAL CONSERVATION PROGRAM (ACP)

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to control erosion and sedimentation, encourage voluntary compliance with federal and state requirements to solve point and nonpoint source pollution, improve water quality, encourage energy conservation measures, and assure a continued supply of necessary food and fiber for a strong and healthy people and economy. The program will be directed toward the solution of critical soil, water, energy, woodland, and pollution abatement problems on farms and ranches.

Formula Description: Cost-share payment rates range up to 100 percent of the costs.

10.064 FORESTRY INCENTIVES PROGRAM (FIP)

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to bring private non-industrial forest land under intensified management; to increase timber production; to ensure adequate supplies of timber; and to enhance other forest resources through a combination of public and private

investments in the most productive sites of efficient size and operation by eligible individual or consolidated ownerships. Cost-sharing of up to 65 percent of the total cost is available under the Forestry Incentives Program (FIP) for tree planting, timber stand improvement, and site preparation for natural regeneration. Special forestry practices may be approved if needed for a significant and unique local condition for which national FIP practices are not adequate. Owners of non-industrial private forest lands of 1,000 acres or less, capable of producing industrial wood crops are eligible for Forestry Incentives Program cost-sharing. In order for an individual within a county to receive Forestry Incentives Program funds, the county must be designated as a Forestry Incentives Program county by the state committee in consultation with the state forester. A forest management plan developed by the state forester and landowner is required for participation in FIP.

Formula Description: Essential factors used to allocate funds to states are: (1) acreage; (2) number of eligible owners; (3) productivity potential and; (4) need for reforestation. Cost-shares under the Forestry Incentives Program are limited to not more than 100 percent of the total cost.

10.069 CONSERVATION RESERVE PROGRAM

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to protect the nation's long-term capability to produce food and fiber; to reduce soil erosion; to reduce sedimentation; to improve water quality; to create a better habitat for fish and wildlife; to curb production of some surplus commodities; and to provide some needed income support for farmers. Eligible owners or operators may place highly erodible or environmentally sensitive cropland into a 10-15 year contract. The

participant, in return for annual payments, agrees to implement a conservation plan approved by the local conservation district for converting highly erodible cropland or environmentally sensitive land to a less intensive use, i.e., cropland must be planted with a vegetative cover, such as perennial grasses, legumes, forbs, shrubs, or trees. Financial and technical assistance are available to participants to assist in the establishment of a permanent vegetative cover.

Formula Description: Annual rental payments are made at the rate set in the accepted bid. A one-time cost-share payment is made when approved conservation practices are established.

10.664 COOPERATIVE FORESTRY ASSISTANCE

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: Cooperative forestry assistance is provided through four separate activities: pest suppression, fire protection, forest utilization and management, and special projects. In general, the purpose of these activities is to protect non-federal wild lands from fire, to reduce losses of timber through protection from damaging insects and diseases, to assist state agencies and others in increasing timber growth and harvests, and to manage rural and urban forest resources for multiple uses.

Formula Description: Most of the funds are distributed based on suggested state minimums contained in legislation, with the remainder being allocated on the basis of merit. The Forest Service annually negotiates with each state the funding levels and priorities for each of these activities.

10.665 SCHOOLS AND ROADS—GRANTS TO STATES

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to share receipts from the national forests with the states in which the national forests are situated. Funds are used for the benefit of public schools and roads of the county or counties in which the national forest is located.

Formula Description: The amount paid shall represent 25 percent of all monies received during the preceding fiscal year from each national forest. When a national forest is in more than one state, territory, or county, the distributive share to each shall be proportional to its area therein. The term "monies received" includes: (1) all collections under the Act of June 9, 1930 (Knutson-Vandenberg Act); and (2) all amounts earned by or allowed to purchasers of national forest timber and other forest products, within such state, as purchaser credits for the construction of roads on the national forests transportation system within such national forests or parts thereof in connection with any Forest Service timber sales contract, as well as direct receipts from the sale of forest products, minerals, and land use.

11.407 INTERJURISDICTIONAL FISHERIES ACT OF 1986

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to assist states in research and enforcement of multijurisdictional fishery resources, the development of multijurisdictional fishery management plans, and for the restoration of resources damaged by a natural resource disaster.

Formula Description: Apportionments are based on the average value and volume of raw fish landed by domestic commercial fishermen. No state that receives funding may get less than one-half of one percent of the total or more than six percent of the total available funds. Federal funding may not exceed 75 percent unless it is part of a designated interstate federal fishery management plan which may receive up to 90 percent federal funds.

12.112 PAYMENTS TO STATES IN LIEU OF REAL ESTATE TAXES

This program was formerly reported under the Department of Transportation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to compensate local taxing units for the loss of taxes from federally acquired lands. Seventy-five percent of all monies received or deposited in the U.S. Treasury during any fiscal year for the leasing of lands acquired by the United States for flood control, navigation and allied purposes, including the development of hydroelectric power, are paid at the end of each year to the states in which such property is situated.

Formula Description: When property is situated in more than one state or county, the distributive share to each from the proceeds of such property shall be proportional to its area therein. There are no matching requirements.

15.250 REGULATION OF SURFACE COAL MINING AND SURFACE EFFECTS OF UNDERGROUND COAL MINING

This program was formerly reported under the Department of Mines and Minerals and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to protect society and the environment from the adverse effects of surface coal mining operations. It includes administrative and enforcement grants and small operator assistance program grants that are awarded to states and individuals for contracting with qualified laboratories to provide hydrologic and geologic data on behalf of eligible small coal operators. Technical assistance is available on methods of regulating the surface impact of coal mining.

Formula Description: Subject to the availability of appropriations, the federal government matches state funds. All participating states have been at 50 percent since 1984.

Account Identification: 68-0108-304

15.252 ABANDONED MINED LAND RECLAMATION (AMLR) PROGRAM

This program was formerly reported under the Abandoned Mined Lands Reclamation Council and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program collects tonnage fees from mining companies to assist states in planning, programming, and reclaiming water or land affected by mining processes on or before August 3, 1977. Eligible lands are first defined, and include primarily coal mining and related processes, though a governor may specifically request funds for non-coal related reclamation. States and Indian Tribes are both eligible recipients. Participation is limited to those states with approved regulatory programs.

Formula Description: In general, states are eligible to receive 50 percent of the coal reclamation fees paid in their states under the AML program, and only those states where such fees are paid are eligible recipients.

15.605 SPORT FISH RESTORATION

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: The program supports projects designed to restore and manage sport-fish population for the preservation and improvement of sport fishing and related uses of these fisheries resources.

Formula Description: The 10 percent excise tax on fishing rods, reels, artificial baits, lures, and flies supports this program. Funds are distributed according to a formula where 40 percent of the monies are awarded on the basis of land area (including coastal and Great Lakes waters) and 60 percent on the number of paid fishing license holders. No state may receive more than 5 percent or less than 1 percent.

15.611 WILDLIFE RESTORATION

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

This federal assistance program provides funds under several categories. Each of these categories is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit of this program.

(1) WILDLIFE MANAGEMENT

Program Description: This program, one of two under the Pittman-Robertson Act, supports projects to restore or manage wildlife populations and to provide public use of these resources.

Formula Description: The excise tax on sporting arms and ammunition, and one-half of the excise tax on pistols and revolvers and

on certain archery equipment support this program. Half is distributed to the states on the basis of land area, and the other half on the basis of paid hunting license holders. No state receives less than 0.5 percent or more than 5.0 percent.

Account Identification: 14-9923-303

15.612 ENDANGERED SPECIES CONSERVATION

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to provide federal financial assistance to any state, through its appropriate state agency, which has entered into a cooperative agreement to assist in the development of programs for the conservation of endangered and threatened species. The assistance provided to the state fish and wildlife agency for endangered and threatened species can include animal and habitat surveys, research, planning, management, land acquisition, protection, and public education. Assistance is restricted to those state agencies with which the Fish and Wildlife Service has a current cooperative agreement.

Formula Description: States may receive up to 75 percent of the program costs except when two or more states have a common interest in one or more endangered species and enter into a joint agreement whereupon the federal share is 90 percent.

15.616 CLEAN VESSEL ACT

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: The clean vessel act provides grants to coastal states to survey and plan for the construction of pumpout and dump stations in coastal zones. All states are eligible for matching funds on a competitive basis to build pumpout/dump stations to prevent sewage and waste from entering U.S. waters from recreational boats.

Formula Description: The federal share should not exceed 75 percent of the total cost. Grants are awarded on a competitive basis.

15.617 WILDLIFE CONSERVATION AND APPRECIATION

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: Project grants are awarded to carry out wildlife conservation and appreciation projects that include the public’s appreciation of wildlife through nonconsumptive activities, enable states to fully utilize their statutory authority to carry out wildlife appreciation projects, and encourage donations toward wildlife preservation. Projects may include cataloging and inventorying of fish and wildlife populations and the identification of significant habitats and the conditions that may adversely affect conservation efforts.

Formula Description: The federal share of funds to states may not exceed 30 percent, unless two states cooperatively fund a project, in which case the federal funds can be as much as 40 percent. The National Fish and Wildlife Foundation will contribute an amount equal to the federal funds for the project.

15.916 OUTDOOR RECREATION—ACQUISITION, DEVELOPMENT AND PLANNING

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This fund collects offshore oil receipts and other revenues for use in helping states finance up to 50 percent of the cost of preparing recreation plans, acquiring land and water areas, and developing areas for public outdoor recreation purposes. Funds awarded to the states may also be passed through to local governments for acquisition and development of public outdoor recreation areas.

Formula Description: Funds are distributed as follows: 40 percent of the first \$225 million, 30 percent of the next \$275 million, and 20 percent of everything over \$500 million are distributed equally among the states. The remaining appropriation is distributed on a discretionary basis, according to need. The amounts allocated to the states are determined by an apportionment formula: 40 percent is prorated equally to the states, 30 percent is prorated to the states on the basis of total population (each jurisdiction is guaranteed a minimum of at least \$25,000), and the remaining 30 percent is prorated on the basis of urban population in order to provide recreation opportunities in or near urban areas. The federal share of project costs shall not exceed 50 percent.

20.005 BOATING SAFETY FINANCIAL ASSISTANCE

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program uses monies transferred from the Highway Trust Fund for formula grants to states to acquire, maintain, and operate state boating safety programs.

Formula Description: From the available funds, one-third is divided equally among the states, one-third is divided on the basis of the each state's share of vessels to the national total, and one-third is distributed based on each state's share of funds spent for boating safety programs. The federal share cannot exceed 50 percent of the total cost of the state program.

**27.011 INTERGOVERNMENTAL PERSONNEL ACT (IPA)
MOBILITY PROGRAM**

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to facilitate federal-state-local cooperation and aid in solving problems and delivering improved services through the sharing of professional, administrative, and technical expertise. This program permits the temporary assignment of personnel back and forth between federal agencies and state and local governments. Assignments are for specific work beneficial to state, local and federal governments. An assignment may not exceed two years but can be extended for two additional years. Cost sharing is negotiable. An employee of a federal agency must serve in the Civil Service upon the completion of his or her assignment for a period equal to that of the assignment.

Formula Description: This program has no statutory formula or matching requirements.

59.045 NATURAL RESOURCE DEVELOPMENT (TREE PLANTING PROGRAM)

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to make grants to states to contract with small business concerns to purchase and plant trees and required supplies on state or local government owned land. Funds cannot be used to pay for land or land charges.

Formula Description: Amounts are allocated on the basis of state population compared to the total population of the United States. To qualify for one-half of available funds allocated to states on a proportional population basis, the states must agree to contribute 25 percent of the project cost from non-federal sources. The Small Business Administration may give priority in awarding the remaining one-half of the total available amount to applicants who agree to contribute more than the requisite 25 percent.

66.433 STATE UNDERGROUND WATER SOURCE PROTECTION

This program was formerly reported under the Department of Mines and Minerals and the Department of Energy and Natural Resources and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program is designed to provide for the development and implementation of underground injection control (UIC) programs under the Safe Drinking Water Act (SDWA). Grant funds may be utilized by the states for such purposes as state regulation review, program plan development, data management, inventory of injection facilities, identification of aquifers, public participation, technical assistance and review, permit approval and enforcement, and surveillance and investigation.

Formula Description: Funds are distributed on the basis of state population, land area, and the injection practices of the state based on data reported by states and maintained by EPA injection well inventory as of 1992. Federal assistance is limited to 75 percent of eligible costs, not to exceed the state allotment.

66.461 WETLANDS PROTECTION—STATE DEVELOPMENT GRANT

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: This program assists states in developing new or enhancing existing wetlands protection programs. These grants are intended to encourage state wetlands protection program development or to enhance/augment existing effective state programs. The projects that will be funded under this program include those that support the initial development of a state's wetlands protection program or support enhancement/refinement of a state's existing program. It is anticipated that funding will fall into two broad categories of projects: (1) encouragement of developing programs, or (2) augmentation of ongoing, effective state wetlands programs. Grant funds cannot be used for operational support of state wetlands protection programs.

Formula Description: A minimum of 25 percent cost sharing is required.

83.516 DISASTER ASSISTANCE

This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.

Program Description: Following a presidential disaster declaration a variety of services are provided including, but not limited to, removal of wreckage or debris, restoration of communication systems, protection of public and private property, loans to local governments which suffered temporary tax losses, and emergency transportation assistance. Assistance to individuals and families includes temporary housing, assistance to the unemployed, crisis counseling, and assistance with emergency related expenses. Hazard mitigation grants are available for post-disaster mitigation measures.

Formula Description: The public assistance portion shall be not less than 75 percent federally funded, with the remainder from a combination of state and/or local funds. The family and individual

assistance portion is a 75 percent federal and 25 percent state match. Hazard mitigation grants are 50 percent state match unless otherwise stipulated in the disaster declaration.

66.032 STATE INDOOR RADON GRANTS (SIRG)

Program Description: This program authorizes the U.S. Environmental Protection Agency (EPA) to assist states in the development and implementation of programs for the assessment and mitigation of radon. Specifically, EPA will award funds to support: (1) widespread development of radon programs among states; (2) establishment and expansion of basic, core capabilities for radon response; (3) programs appropriate to the scope and severity of radon problems across the nation; and (4) effective, self-sustaining programs.

Formula Description: This program has no statutory formula. The EPA may provide states with up to 75 percent of allowable costs of approved program activities during the first grant year, and up to 60 percent the second year. The state must provide at least a 25 percent match for the first grant year, and at least a 40 percent match for the second grant year.

10.561 STATE ADMINISTRATIVE MATCHING GRANTS FOR THE FOOD STAMP PROGRAM

This federal assistance program provides funds under several categories. Each of these categories is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit of this program.

(1) FOOD STAMP ADMINISTRATIVE COSTS

Program Description: The food stamp program provides food coupons through state and local welfare agencies to needy persons to increase their food purchasing power, so that they may feed their families properly. The coupons are used by program recipients to buy food in any retail store that has been approved by the Food and Nutrition Service to accept and redeem food coupons. The federal government shares the costs of state administration.

Formula Description: Fifty percent of direct and indirect state administrative costs are reimbursed by the federal government. States may receive 60 percent federal funding if their error rates are below 5 percent. In addition, funds are matched at 75 percent for data processing or system set-up for fraud and abuse prevention.

Account Identification: 12-3505-605

	FY 1994	FY 1995	FY 1996

(2) FOOD STAMP EMPLOYMENT AND TRAINING

Program Description: The Food Security Act of 1985 established the food stamp employment and training program for food stamp work registrants and other volunteer participants. The program was designed to "assist members of households participating in the food stamp

program in gaining skills, training or experience that will increase their ability to obtain regular employment."

Formula Description: Funding is open-ended, with no state match required for a base amount.

Account Identification: 12-3505-605

10.568 EMERGENCY FOOD ASSISTANCE PROGRAM (ADMINISTRATIVE COSTS)

Program Description: This program is designed to make funds available to states for storage and distribution costs incurred by nonprofit eligible recipient agencies in providing food assistance to needy persons.

Formula Description: Emergency assistance funds for the storage and distribution of commodities are allocated by formula to states as funds are needed. The formula is based on a 60 percent poverty level and 40 percent unemployment level. States must match allocated federal funds that are retained for payment of state-level storage and distribution costs.

93.560 FAMILY SUPPORT PAYMENTS TO STATES— ASSISTANCE PAYMENTS

This federal assistance program provides funds under several categories. Each of these categories is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit of this program.

(1) MAINTENANCE ASSISTANCE—BENEFITS

Program Description: The federal government matches state funds in providing aid to families with dependent children to cover costs of food, shelter, clothing, and other items of daily living recognized as necessary by the state's program. States are given options regarding the amount and extent of coverage. Recent welfare reform legislation mandated that all states provide benefits to unemployed parents, an option that previously had been adopted by only about half the states.

Formula Description: All states have used the Medicaid match rate since 1984. This ranges from 50 to 83 percent depending upon state per capita income levels. Illinois' rate is 50 percent.

Account Identification: 75-1501-609

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$444,488	\$428,611	\$444,221

State Trust Fund: 001 - General Revenue Fund

State Programs Supported	Pop. Served	Area
• Maintenance Assistance Benefits	721,072	Statewide

(2) EMERGENCY ASSISTANCE

Program Description: Almost half the states provide emergency assistance to assist needy families in emergency or crisis situations to avoid destitution or provide living arrangements.

Formula Description: This program reimburses states for 50 percent of the cost of such assistance.

Account Identification: 75-1501-609

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$2,154	\$18,731	\$56,800

State Trust Fund: 001 - General Revenue Fund

State Programs Supported	Pop. Served	Area
• Emergency Assistance	438	Statewide

(3) ADMINISTRATION, TRAINING, AND ADP

Program Description: The federal government provides matching funds for state and local administration of AFDC, emergency assistance, and aid to unemployed parents. Funds are provided for the costs of interviewing public assistance applicants for eligibility determination and validation of eligibility; costs of state and local personnel engaged in program direction and management; and other on-going costs and activities related to administration of the programs.

Formula Description: Funds are matched at 50 percent, except for certain data processing expenditures which are reimbursed at a higher rate.

Account Identification: 75-0412-609

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$40,680	\$61,876	\$53,280

State Trust Fund: 001 - General Revenue Fund

State Programs Supported	Pop. Served	Area
• Administration	Not Applicable	Statewide

(4) CHILD CARE

Program Description: This component of AFDC provides child care so individuals can participate in approved education and training activities and to accept or maintain employment.

Formula Description: States have two options for matching rates. If a state does not have an approved medical plan, the statistical factors used for federal sharing in assistance payments are: Grant funds pay five-sixths of the first \$18 of the average paid monthly per person on AFDC and then 50 percent to 65 percent of the balance within the federal average per person maximum of \$32.00. The maximum is \$100 per recipient for AFDC children in foster care. If the state has an approved Medicaid Plan, it may elect to use the Medicaid formula with no maximum, which may range from 50 to 83 percent federal funds for total benefits paid, depending upon state per capita income levels (subject to statutory ceiling). The federal matching rate for state and local administration and training costs is 50 percent. The federal matching rate for allowable costs of statewide management information systems meeting statutory criteria is 90 percent. The federal matching rate is 70 percent for certain fraud control activities, and 100 percent for certain activities to verify the legal status of resident aliens. Under the Repatriate program, state agencies are reimbursed for actual expenditures. Child care costs are funded under Title IV-A and are matched at a 50 percent rate. States are subject to fiscal disallowances for exceeding the national average error rate for all states in a given year.

Account Identification: 75-1501-609

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$14,983	\$36,032	\$56,600

93.561 JOB OPPORTUNITIES AND BASIC SKILLS TRAINING (JOBS)

Program Description: This program is designed to ensure that needy families with children obtain the education, training, and employment that will help them avoid long-term welfare dependence. In addition, to enable needy individuals to participate in the program under Part F of the Social Security Act, each state agency must provide payment or reimbursement for such transportation and other work-related expenses as is necessary to enable such participation.

Formula Description: JOBS allocations to states: A state's JOBS program is entitled to funding under two main provisions: (1) an amount equivalent to the amount allotted to the state under WIN or WIN Demonstration authority in FY 1987, with federal financial

participation (FFP) at 90 percent, and the state's share made up of cash and/or in-kind fairly evaluated; (2) an allotment percentage of the remainder of the specified annual limit proportionate to the state's percentage of the national total of adult AFDC recipients. The FFP rates for these funds are as follows: (1) at 50 percent for indirect personnel costs which are excluded from JOBS matching at the FMAP rate (or 60 percent) including nonpersonnel services costs; the costs of such items as JOBS program planning, monitoring, letting contracts, systems, Title IV-F fair hearing activities; and for transportation, work related expenses, and work-related supportive services as provided under the requirements of 45 CFR 255; and (2) at the higher of 60 percent FFP or the state's federal Medical Assistance Percentage (FMAP) for personnel costs (salaries and benefits) for full-time staff working in any capacity in the JOBS program; and all direct costs associated with providing JOBS program services to individuals, including assessment, development of the employability plan, case management, and JOBS component activities.

93.563 CHILD SUPPORT ENFORCEMENT (TITLE IV-D)

Program Description: This program provides federal grants to states to assist them in locating absentee parents, establishing paternity, and enforcing support obligations. Both AFDC and non-AFDC individuals are eligible, and must have assigned support rights to the state.

Formula Description: The federal government pays 66 percent of the administrative costs incurred by the state under an approved Title IV-D state plan. This includes costs incurred by certain court and law enforcement officials pursuant to cooperative agreements with the administering agency. The federal government provides 90 percent of the developmental costs of a child support data processing system. Including incentive payments, the federal government pays an average 82 percent of State costs, with some states receiving over 100 percent of State costs.

93.565 STATE LEGALIZATION IMPACT ASSISTANCE GRANTS (SLIAG)

Program Description: The Immigration Reform and Control Act of 1986 (P.L. 99-603) provides funds to reimburse state and local governments for additional costs of providing public assistance (including Medicaid), public health assistance, and educational services to persons becoming citizens as a result of that Act. Federal costs are reimbursed first, with the balance provided through grants-in-aid. The

program is popularly known as state legalization impact assistance grants (SLIAG).

Formula Description: The SLIAG formula allocates 50 percent of the money on the basis of the number of persons eligible to receive assistance (including one percent targeted to states with higher than average ratios of eligible aliens to total population), and 50 percent on the basis of legalization-related costs. Allocations from a given year are not affected by the amount of funds unspent from prior years.

93.566 REFUGEE AND ENTRANT ASSISTANCE—STATE-ADMINISTERED PROGRAMS

This federal assistance program provides funds under several categories. Each of these categories is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit.

(1) REFUGEE ASSISTANCE—CASH/MEDICAL

Program Description: This program is designed to pay the state share of the cost of cash and medical assistance to refugees. Not all states participate in the program. If appropriations are sufficient, Aid to Families with Dependent Children and Medicaid costs are fully reimbursed for 31 months after entry for refugees categorically eligible for the programs, and for 18 months for others.

Formula Description: States are reimbursed for expenditures on eligible beneficiaries. There is no statutory formula or matching requirements for the refugee medical assistance program.

Account Identification: 75-1503-609

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$7,843	\$7,645	\$9,000

• Refugee Assistance—Cash/Medical	1,138	Statewide

(2) REFUGEE ASSISTANCE—SOCIAL SERVICES

Program Description: This program is designed to reimburse states for part of the cost of social services provided to specific refugee populations. The scope of services is similar to those in the regular domestic public assistance programs and includes state public assistance payments, English language training, counseling, and employment services.

Formula Description: Funds are distributed on the basis of the number of new refugees estimated to reside in a state less than three years, with a minimum of \$75,000 per state, or \$100,000 per state for states with more than 500 refugees. No state is allowed to receive less than 90 percent of its 1983 award, excluding amounts for "critical unmet needs." Included in this amount is \$3 million as an incentive to states to fund refugee mutual assistance associations.

93.574 CHILD CARE FOR FAMILIES AT-RISK OF WELFARE DEPENDENCY

Program Description: This program is designed to allow states the option of providing child care to low-income families who are not receiving Aid to Families with Dependent Children (AFDC), who need child care in order to work, and who would otherwise be at-risk of becoming eligible for AFDC.

Formula Description: Funding in the amount of \$300 million is available each fiscal year beginning with FFY 1991. A state's allocation of these funds is based on the same ratio as the number of the state's children bears to the number of children in the United States in the second preceding fiscal year. Child care payments and administrative costs incurred in operating the program are matched at the federal Medical Assistance percentage (50 percent in Illinois). Grant funds cannot supplant existing funds for child care.

93.576 REFUGEE AND ENTRANT ASSISTANCE— DISCRETIONARY GRANTS

Program Description: Funds are available to introduce change in the services and related resettlement systems of states where refugees have a history of extended welfare utilization. These grants are intended to (1) decrease the numbers of refugees on public assistance and the length of time refugees require such assistance; (2) increase migration of refugee families on public assistance to locations with good job opportunities and lower costs of living; (3) increase services dollars in areas with good resettlement records; (4) enhance services to disadvantaged refugee groups; and (5) respond to national needs which are not the purview of any particular state services program.

Formula Description: Some activities under this program have matching requirements.

Account Identification: 75-1503-609

93.584 REFUGEE AND ENTRANT ASSISTANCE—TARGETED ASSISTANCE

Program Description: Grants are provided to assist employment related and other social services to refugees, Amerasians, and entrants in areas of high refugee concentration or high welfare utilization. State agencies designated as responsible for the Refugee Resettlement Program are eligible to receive funding for assistance to counties and similar areas where there is a need to supplement available resources due to high numbers or concentrations of refugees. States with qualifying counties must submit a single application on behalf of all qualifying counties.

Formula Description: The formula for this grant is based on the number of refugee and Amerasian entrant arrivals per state since 1980. Targeted assistance funds must supplement, rather than supplant, existing state and local resources.

Account Identification: 75-1503-609

	FY 1994	FY 1995	FY 1996

93.585 EMPOWERMENT ZONES PROGRAM (SOCIAL SERVICES IN EMPOWERMENT ZONES AND ENTERPRISE COMMUNITIES)

Program Description: Grants are available to states to provide social services within empowerment zones and enterprise communities in order to prevent and remedy the abuse or neglect of children, and to assist disadvantaged adults and youths in achieving self-sufficiency and economic self-support. Funds are to be used to provide services within

the geographic boundaries of an empowerment zone or enterprise community and must be used in accordance with the approved strategic plan for that area.

Formula Description: The formula for this program is based on the population of the empowerment zone or enterprise community expressed as a ratio to the total state population.

Account Identification: 75-1534-506

	FY 1994	FY 1995	FY 1996

93.589 REFUGEE ASSISTANCE—NATURALIZATION AND CITIZENSHIP ACTIVITIES

Program Description: This program assists public and nonprofit organizations in providing English language and civics instruction to eligible adult legalized aliens for the purpose of being naturalized as U.S. citizens. Funds are available for public information and outreach activities.

Formula Description: The formula is based on each state’s share of the cost of providing services to legalized aliens through FFY 1994. There is no cost sharing or matching requirement. These funds should supplement rather than supplant existing state and local resources.

Account Identification: 75-1503-609

93.647 SOCIAL SERVICES RESEARCH AND DEMONSTRATION

Program Description: Project grants, cooperative agreements, and contracts are available to promote the ability of families to be self-sufficient, and to promote the healthy development and social well-being of children and families. Grants are awarded for innovative research and demonstration projects that are responsive to priorities of the Administration for Children and Families.

Formula Description: Grantees are generally required to share total project costs. A 25 percent cost sharing is required for project grants and cooperative agreements. Contracts are not required to share project costs.

93.667 SOCIAL SERVICES BLOCK GRANT

Program Description: Funded under Title XX of the Social Security Act, this program distributes funds to the states for one of the following five goals specified in the law: (1) to prevent, reduce, or eliminate dependency; (2) to achieve or maintain self-sufficiency; (3) to prevent neglect, abuse, or exploitation of children and adults; (4) to prevent or reduce inappropriate institutional care; and (5) to secure admission or referral for institutional care when other forms of care are not appropriate.. The permanent authorization and cap for this program is \$2.8 billion. This block grant is nominally a state entitlement. A State may transfer up to 10 percent of its allotment for any fiscal year to the preventive health and health services, alcohol and drug abuse, mental health services, maternal and child health services, and low-income home energy assistance block grants..

Formula Description: Funds are allocated among the states on the basis of state population and total U.S. population. States are entitled to payments in an amount equal to its allotment for that fiscal year. Allotments for Title XX are subject to a limitation of \$2.8 billion. Prior to 1982, Puerto Rico and the territories were only allowed to use re-

allocated funds not used by states. These jurisdictions now receive the same share of the funds that they received in 1981. Allocations are published in the fall for the fiscal year beginning the following October. There is no matching requirement.

93.671 FAMILY VIOLENCE PREVENTION AND SERVICES

Program Description: This program is designed to demonstrate the effectiveness of assisting states and Indian Tribes in the prevention of family violence and to provide immediate shelter and related assistance for victims of family violence and their dependents. Federal funds are used by states for demonstration grants to local public agencies and nonprofit private organizations to prevent incidents of family violence and to provide immediate shelter and related assistance to victims of family violence. States must give special emphasis to the support of community-based projects of demonstrated effectiveness carried out by nonprofit private organizations, particularly those projects where the primary purpose is to operate shelters for victims of family violence, and those that provide counseling, alcohol and drug abuse treatment, and self-help services to abusers and victims.

Formula Description: Each state will be allocated an amount that bears the same ratio as the population of such state bears to the population of all states. No state will receive less than whichever is the greater of the following amounts: 1 percent of the amounts available during that fiscal year, or \$200,000 whichever is the lesser amount.

Account Identification: 75-1536-506

93.777 STATE SURVEY AND CERTIFICATION OF HEALTH CARE PROVIDERS AND SUPPLIERS

Program Description: This program is designed to provide financial assistance to any state that is able and willing to determine through its state health agency or other appropriate state agency that providers and suppliers of health care services are in compliance with federal regulatory health and safety standards and conditions of participation. Funds are made available to states for the purpose of inspecting providers and suppliers of health care services to ensure mandatory adherence to Medicare/Medicaid health and safety standards and conditions.

Formula Description: Funds available for Title XVIII survey costs are not subject to state matching requirements. Awards for federal financial participation reimbursement of Title XIX related survey costs are subject to states certifying their availability of funds as prescribed by Section 1903 (a), (2), and (7).

Account Identification: 75-0511-550 (Title XVIII) and 75-0512-551 (Title XIX)

93.778 MEDICAL ASSISTANCE PROGRAM (MEDICAID, TITLE XIX)

This federal assistance program provides funds under several categories. Each of these categories is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit of this program.

(1) MEDICAID VENDOR PAYMENTS

Program Description: Funded under Title XIX of the Social Security Act, Medicaid provides financial assistance to states for payments of medical assistance on behalf of AFDC and SSI cash assistance recipients, and other recipients (pregnant women, infants, children, the elderly) defined by age and poverty criteria. Payments are also made in support of health care for unemployed parents in two-parent households, and for the medically needy, who, except for income and resources, would be eligible for cash assistance. States are required to perform early, periodic screening, detection, and treatment (EPSDT) activities for young children.

Formula Description: State expenditures for medical benefits are matched by federal payments, with the size of the match being a function of the state's personal income relative to the national average for three preceding years. The minimum match is 50 percent, and the legal maximum is 83 percent. These matching rates changed every other year prior to FY 1986, and now change every year. Illinois' rate has remained at 50 percent.

Account Identification: 75-0512-551

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$2,387,706	\$2,991,841	\$3,190,275

State Programs Supported	Pop. Served	Area
• Medicaid Benefits	1,478,129	Statewide

(2) MEDICAID STATE ADMINISTRATION AND TRAINING

Program Description: The federal government pays 50 percent of the expenses relating to most state administrative costs for Medicaid, with small amounts (for family planning and for a Medicaid Management Information System) matched at 90 percent, and somewhat larger amounts for federally encouraged expenditures (e.g., the employment of skilled medical professionals) at 75 percent.

Formula Description: State administrative amounts are matched on an open-ended basis, with the matching rate a function of the type of expenditure.

10.557 SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS AND CHILDREN (WIC PROGRAM)

Program Description: The Special Supplemental Food Program for Women, Infants, and Children (WIC) is funded and administered by the U.S. Department of Agriculture through state-run health departments and run locally by public or nonprofit health facilities and organizations. WIC provides supplemental food and nutrition information to help safeguard the health of pregnant, postpartum, and

breast-feeding women, infants, and children to age five who are at nutritional risk and have inadequate incomes. The federal government supports both program activities and state administration.

Formula Description: Distribution of funds is aimed primarily at maintaining participation levels. The initial stability grants ensure that each state receives no less than its prior year level adjusted for inflation. Any appropriated funds remaining after those amounts are distributed are allocated in the following manner: one-half through a growth formula (which distributes funds to states with the lowest percentage of income eligibles served); and one-half by a targeting formula which uses a state's success in serving the top three priority groups (set by the Department of Agriculture) as its basis for allocation. No matching funds are required.

93.110 MATERNAL AND CHILD HEALTH FEDERAL CONSOLIDATED PROGRAMS

Program Description: This program is designed to carry out special projects of regional and national significance; to conduct training and research; to conduct genetic disease testing, counseling, and information development and dissemination programs; and to support comprehensive hemophilia diagnostic and treatment centers. Training grants are made to institutions of higher learning for training personnel

for health care to conduct research activities that show promise of a substantial contribution to the advancement of service programs. Genetic grants are for genetic disease testing, counseling and information development and dissemination. Hemophilia grants are for the support of centers that provide hemophilia diagnostic and treatment services. Other special project grants are designed to support demonstration programs to improve services for mothers and children.

Formula Description: This program has no statutory formula or matching requirements. Grants are awarded on a discretionary basis.

93.116 PROJECT GRANTS AND COOPERATIVE AGREEMENTS FOR TUBERCULOSIS CONTROL PROGRAMS

Program Description: This program is designed to provide funds in support of state and local programs for tuberculosis control. Funds are used to support both local personnel and individuals in direct assistance positions and to purchase equipment, supplies and services for therapy, patient outreach, morbidity surveillance, and outreach and program assessment.

Formula Description: States are selected based on the total number of cases reported, the number of reported bacteriologically confirmed cases reported, the bacteriologically substantiated incidence rate of disease, the number of tuberculosis cases among racial and ethnic minorities, significant tuberculosis problems among the homeless, cumulative number of TB/AIDS cases, and significant increases in tuberculosis morbidity. Cooperative agreements are targeted towards the nation's inner cities where most of the tuberculosis morbidity occurs.

93.130 PRIMARY CARE SERVICES—RESOURCE COORDINATION AND DEVELOPMENT PRIMARY CARE OFFICES

Program Description: This program is designed to coordinate local, state and federal resources contributing to primary care service delivery in the state in order to meet the needs of medically-underserved populations through community and migrant health centers, and the retention, recruitment, and oversight of the National Health Service Corps and other health professions. Recipients are expected to perform statewide primary care planning and resource coordination including Medicaid and maternal and child health, health systems development, manpower retention and recruitment, National Health Services Corps monitoring activities, perinatal activities, activities relating to other special populations and administrative support activities.

Formula Description: This program has no statutory formula or matching requirements. Grants are awarded on a discretionary basis.

93.161 HEALTH PROGRAM FOR TOXIC SUBSTANCES AND DISEASE REGISTRY

Program Description: This program is designed to work closely with state, local, and other federal agencies to reduce or eliminate illness, disability, and death resulting from exposure of the public and workers to toxic substances from spills and at waste disposal sites. Services may include: (1) health assessments; (2) health effects studies; (3) exposure and disease registries; (4) technical assistance; (5) consultation; (6) dissemination of technical information; (7) provision of specialized services and assistance, including responses to public health emergencies; and (8) training state and other health professionals in areas related to environmental health.

Formula Description: This program has no statutory formula or matching requirements. Grants are awarded on a discretionary basis.

93.165 GRANTS FOR STATE LOAN REPAYMENT

Program Description: This program provides grants to states to repay educational loans for qualified health professionals in return for their service in areas suffering from a shortage of health care professionals. Applicants for the program must have a degree in allopathic or

osteopathic medicine. Dentists, psychiatrists, nurse midwives, nurse practitioners, and physician assistants are also eligible to participate. State programs must include incentives for individuals having longer periods of service.

Formula Description: The federal share of any program may not exceed 50 percent of the cost of any approved state program. The federal share must be used to repay the government and commercial loans of health professionals for tuition, educational expenses and living expenses. The 50 percent provided by the state must be spent on loan repayment. The state must absorb all program administrative costs.

93.200 EDUCATING HEALTH PROFESSIONALS REGARDING ENVIRONMENTALLY HAZARDOUS SUBSTANCES

Program number 93.161 was separated into four new programs in FY 1995—93.200, 93.201, 93.203, and 93.207. This program separated from 93.161 so FY 1994 outlays are reported under that number.

Program Description: Project grants and cooperative agreements are designed to provide educational opportunities for health care professionals regarding exposure to hazardous materials. The program emphasizes the development and distribution of educational materials to improve the knowledge and skills of health care providers concerning hazardous materials in the environment, and materials providing relevant and up-to-date information about activities at Superfund sites.

Formula Description: This program has no statutory formula or matching requirements.

93.217 FAMILY PLANNING—SERVICES

Program Description: This program is designed to provide education, counseling, and comprehensive medical and social services necessary to enable individuals to freely determine the number and spacing of their children, and by so doing help to reduce maternal and infant mortality and to promote the health of mothers and children. Family planning services include information on all medically approved methods of contraception including natural family planning methods; counseling services; physical examinations including cancer detection and laboratory tests; contraceptive supplies; and periodic follow-up examinations. Infertility services include diagnostic workup; information, education and counseling; and arrangements for referral if necessary. Special services to adolescents include in-depth information, education counseling, and referral to and from other social and medical service agencies, and such ancillary services as necessary to facilitate clinic attendance for adolescents. These family planning services must be available without coercion and with respect for the privacy, dignity, social and religious beliefs of the individuals being served. To the extent possible, entities which receive grants shall encourage family participation. Funds may not be used in programs where abortion is a method of family planning.

Formula Description: This program has no statutory formula. Grants are awarded on a discretionary basis. The matching rate is 10 percent or less, and there is a maintenance of effort requirement.

Account Identification: 75-0350-550

93.777 STATE SURVEY AND CERTIFICATION OF HEALTH CARE PROVIDERS AND SUPPLIERS

Program Description: This program is designed to provide financial assistance to any state which is able and willing to determine through its state health agency or other appropriate state agency that providers and suppliers of health care services are in compliance with federal regulatory health and safety standards and conditions of participation. Funds are made available to states for the purpose of inspecting providers and suppliers of health care services to ensure mandatory adherence to Medicare/Medicaid health and safety standards and conditions.

Formula Description: Funds available for Title XVIII survey costs are not subject to state matching requirements. Awards for federal financial participation reimbursement of Title XIX related survey costs are subject to states certifying their availability of funds as prescribed by Section 1903 (a), (2), and (7).

Account Identification: 75-0511-551 (Title XVIII); 75-0512-551 (Title XIX)

93.913 GRANTS TO STATES FOR OPERATION OF OFFICES OF RURAL HEALTH

Program Description: This program is designed to improve health care in rural areas through the establishment of State Offices of Rural Health. States may not use grant funds to: (1) provide health care; (2) duplicate activities for which federal funds are being used under the state primary care association, co-operative agreement, and state loan repayment programs; (3) purchase medical equipment, vehicles, or real property; or (4) conduct certificate of need activities. Not more than 10 percent of grant funds may be expended on research.

Formula Description: For the first fiscal year of participation, states must match at least \$1 for each \$3 of federal funds (25%); \$1 for each \$1 in the second year (50%); and \$3 for \$1 (75%) in the third year. In the first year, the state match can be 100 percent in-kind. In the second year, the state match can be 100 percent in-kind. In the second year, at least 50 percent must be in cash, and in the third year, the match is solely in cash.

Account Identification: 75-0350-550

	FY 1994	FY 1995	FY 1996

93.917 HIV CARE FORMULA GRANTS

Program Description: Funds may be used to: (1) establish and operate HIV care consortia within areas most affected by HIV disease that shall be designed to provide a comprehensive continuum of care to individuals and families with HIV disease; (2) provide home and

community-based care services for individuals with HIV disease; (3) provide assistance to ensure the continuity of health insurance coverage for individuals with HIV disease; and (4) provide treatment that has been determined to prolong life or prevent serious deterioration of health to individuals with HIV disease. A state shall use not less than 15 percent of the funds allocated to provide health and support services to infants, children, women, and families with HIV disease.

Formula Description: The formula is based on (1) an amount equal to the amount appropriated the fiscal year involved; and (2) the ratio of the distribution factor for the state to the sum of the distribution factors for all the states. Distribution factors are: (1) in the case of a state, the product of (a) the number of AIDS cases in the state, as indicated by the number of cases reported to and confirmed by the Secretary for the two most recent fiscal years ratio (based on the most recent available data); and (b) the cube root of the average per capita income of individuals in the United States and the average per capita income of individuals in the state. Matching requirement for states in excess of 1 percent of cases as determined by Centers for Disease Control: for the first fiscal year, 16 2/3 percent must be nonfederal matching funds (\$1 for each \$5 of federal funds provided in the grant); second fiscal year, 20 percent (\$1 for each \$4 of federal funds); third fiscal year, 25 percent (\$1 for each \$3 of federal funds); fourth fiscal year 33 1/3 percent (\$1 for each \$2 of federal funds); and any subsequent year, 33 1/3 percent (\$1 for each \$2).

93.991 PREVENTIVE HEALTH AND HEALTH SERVICES BLOCK GRANT

Program Description: This program provides support to states in an effort to improve the health status of the population by funding programs for rodent control, fluoridation, hypertension, preventive health services demonstrations, deterrence of smoking and drinking among children and adolescents, comprehensive public health services, home health service demonstrations, sex offense prevention, education, monitoring and evaluation, and emergency medical services.

Formula Description: Each state's allocation percentage is based on its FY 1981 grant receipts relative to the total funds provided to all states in FY 1981. Funds for the rape prevention portion of the block grant are allocated to states based on the percentage of each state's population to

the national population. Not more than 10 percent of the block grant funds may be used for administration.

93.994 MATERNAL AND CHILD HEALTH SERVICES BLOCK GRANT

Program Description: This block grant provides funds to enable states to maintain and strengthen their leadership in planning, promoting, coordinating, and evaluating health care for pregnant women, mothers, infants and children, as well as children with special health care needs. Each state must establish and maintain a toll-free information number for parents on Maternal and Child Health and Medicaid providers.

Formula Description: Federal funds are allocated on the basis of the distribution of funds from prior programs. Amounts in excess of the 1983 appropriation are allocated on the basis of the poverty population under age 18. For every \$4 of federal funds spent, states must spend an additional \$3 of state or local funds.

DEPARTMENT OF REHABILITATION SERVICES

84.126 REHABILITATION SERVICES—VOCATIONAL REHABILITATION GRANTS TO STATES

Program Description: This program provides federal matching funds to state vocational rehabilitation agencies to assist physically and mentally handicapped individuals in becoming gainfully employed. A wide range of services is permitted, including counseling, vocational evaluation, work adjustment, medical and physical restoration, vocational training, job placement, and post-employment services. The authorizing legislation makes cost-of-living adjustments mandatory, with increases above that level permissible.

Formula Description: Federal funds are distributed based on state population weighted by per capita income. The program has maintenance of effort requirements. Amounts up to the 1988 state allotments receive an 80 percent federal match. Amounts over those levels are matched at 75 percent.

Account Identification: 91-0301-506

84.128 REHABILITATION SERVICES—SERVICE PROJECTS

Program Description: This program is designed to provide funds to state vocational rehabilitation agencies and public nonprofit organizations for projects and demonstrations which hold promise of expanding and otherwise improving services for groups of mentally and

physically handicapped individuals over and above those provided by the Basic Support Program administered by states.

Formula Description: Matching requirements for severely disabled and recreation programs are subject to negotiation. Projects with industry require 20 percent matching and migratory worker projects require 10 percent matching.

84.129 REHABILITATION TRAINING

Program Description: This program is designed to support projects that increase the number and improve the skills of personnel trained in providing vocational rehabilitation services to handicapped individuals. Training grants are provided in fields directly related to the vocational and independent living rehabilitation of the physically and mentally disabled, such as rehabilitation counseling, independent living, rehabilitation medicine, physical and occupational therapy, prosthetics-orthotics, speech-language, pathology and audiology, rehabilitation of the blind and the deaf, and rehabilitation engineering.

Formula Description: Program funds are targeted at those areas with vocational rehabilitation personnel shortages. Grantees are required to share in the costs of projects with the proportion subject to individual negotiation. For state vocational rehabilitation unit in-service training grants, state matching must be at least ten percent of the total costs of the project.

84.169 INDEPENDENT LIVING—STATE GRANTS

Program Description: This program is designed to provide independent living services for individuals with severe handicaps to assist them in functioning independently in family and community settings or in securing and maintaining appropriate employment. Federal and state funds are used to cover the costs of providing independent living services which include: counseling; housing; physical and mental restoration; attendant care; transportation; services for deaf individuals; reader services, rehabilitation teaching, orientation and mobility services for blind individuals; recreational services; services to family members of a severely handicapped individual (when

such services will contribute substantially to the independent living of individuals who are being provided independent living services); training; job placement; referral services; telecommunications; sensory and other technological aids and devices; services to children of preschool age (including physical therapy, development of language and communication skills, and child development services) and other vocational rehabilitation services; and any appropriate preventive service necessary to decrease future needs of an individual with severe handicaps assisted under this program.

Formula Description: Federal funds are distributed based on the total population of the United States and the state population. The source is the Population Estimates Annual, Bureau of the Census. The federal share for any fiscal year is 90 percent of the eligible expenditures incurred by the state.

84.187 SUPPORTED EMPLOYMENT SERVICES FOR INDIVIDUALS WITH SEVERE DISABILITIES

Program Description: This program is designed to provide grants for training and traditionally time-limited post employment services leading to supported employment for individuals with severe handicaps. Federal funds are used to: (1) complement services under Title I of this Act; (2) provide skilled job trainers who accompany the worker for intensive on-the-job training; (3) provide systematic training; (4) provide job development; (5) provide follow-up services; (6) provide regular observation or supervision at training sites; and (7) other services needed to support an individual in employment.

Formula Description: Federal funds are distributed based on the U.S. total population and state population and the source is the Population

Estimates Annual, Bureau of the Census. No state shall receive less than \$250,000 or one-third of one percent of the sums made available for the fiscal year, whichever is greater. This program has no matching requirements.

DEPARTMENT OF REVENUE

14.239 HOME—INVESTMENT PARTNERSHIPS PROGRAM

Program Description: This program is designed: (1) to expand the supply of decent and affordable housing, particularly rental housing, for low and very low income Americans; (2) to strengthen the abilities of state and local governments to design and implement strategies for achieving adequate supplies of decent, affordable housing; (3) to provide both financial and technical assistance to participating jurisdictions, including the development of model programs for developing affordable low income housing; and (4) to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and nonprofit organizations, in the production and operation of affordable housing. Funding may be related to the development of non-luxury housing, such as site acquisition, site improvements, demolition and relocation. Although these funds are received by (and appropriated to) the Department of

Revenue, they are ultimately used by the Illinois Housing Development Authority.

Formula Description: The formula uses factors that reflect a jurisdiction's need for an increased supply of affordable housing for low and very low income families. Designed to meet statutory criteria, the formula is based on a jurisdiction's inadequate housing supply, substandard housing, the number of low income families in housing units likely to be in need of rehabilitation, the cost of producing housing, poverty, and the relative fiscal incapacity of the jurisdiction to carry out housing activities without federal assistance.

66.801 HAZARDOUS WASTE MANAGEMENT STATE PROGRAM SUPPORT

Program Description: This program is designed to assist state governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous wastes.

Formula Description: This program operates under a formula. Statistical factors used for allocation include: (1) State population, as determined by the most recent Census; (2) number of hazardous waste management facilities in states, based on studies conducted by EPA, Office of Solid Waste; and (3) number of Large Quantity Generators (LQGs), based on studies conducted by EPA, Office of Solid Waste. Other factors such as the state's corrective action authorization status are considered. By law, all states and territories are funded. The formula is based on each state's population (15 percent); and the number of hazardous waste management facilities (70 percent). The maximum federal share of approved costs is 75 percent; states must provide at least 25 percent of approved costs. (Regional administrators determine each state allotment.)

84.186 SAFE AND DRUG FREE SCHOOLS—STATE GRANTS

Program Description: This program establishes state and local programs of alcohol and drug abuse education and prevention coordinated with related community efforts and resources.

Formula Description: Allocations are made to states and territories. An allocation is made to each state based on the state's school age population and Chapter 1 allocations. Most of the allocation is administered by state education agencies (SEAs) for drug and alcohol abuse education and prevention programs in local school systems. Ninety percent of the funds received by an SEA must be granted to local educational agencies (LEAs). The remainder of the amount paid to a state is used by the governor's office for grants and contracts with community-based organizations for the development and implementation of broadly-based programs of alcohol and drug abuse education and prevention. The governors' offices must also award minimum percentages of funds for high-risk youth, drug abuse resistance education (DARE) and replication of successful drug education programs.

DEPARTMENT OF TRANSPORTATION

20.106 AIRPORT IMPROVEMENT PROGRAM (AIP)

Program Description: This program, which is financed through the Airport and Airways Trust Fund, assists public agencies in construction, improvement, or repair of major airports, including planning; land acquisition; site preparation; construction, alteration, and repair;

purchase of snow removal equipment and noise suppression equipment; and terminal development.

Formula Description: The "entitlement" portion of this program is distributed according to the number of air carrier "enplanements" in a given state two years previous. Events such as deregulation and strikes can change the relatively consistent distribution. In addition to the entitlement portion the Secretary of Transportation allocates discretionary funds to worthwhile projects. Matching requirements for nonfederal dollars vary from 10 percent to 25 percent depending on the type of project and the amount of public land in the state.

Account Identification: 69-8106-402

20.205 HIGHWAY PLANNING AND CONSTRUCTION

This federal assistance program provides funds under several categories designed to aid in the construction, rehabilitation, traffic management and safety of the nation's highways. Each of these categories is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit of this program.

The Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA) made a number of changes in programs available for highway assistance. Two new primary grant programs were created, the National Highway System (NHS) and the Surface Transportation Program (STP).

In addition, the ISTEA of 1991 established an Interstate Maintenance Program to replace the previous Interstate 4-R program, continued the Bridge Replacement and Rehabilitation Program, created a new Congestion Mitigation and Air Quality Improvement Program, enacted a special apportionment adjustment, and authorized 500 special projects.

(1) NATIONAL HIGHWAY SYSTEM (NHS)

Program Description: This program is designed to serve major population centers, interstate and interregional travel, and public transportation facilities. Funds will be available for projects such as new construction; resurfacing, restoring, rehabilitating, and reconstructing roads; highway safety improvement, highway research and planning, traffic management, carpools, and bicycle and pedestrian pathways.

Formula Description: Funds for the NHS and STP are apportioned to the states using essentially the same distribution formula. Each state's "current percentage share" (i.e., the state's relative share of total apportionments for the NHS, STP, Bridge, and Interstate Maintenance programs) is equal to its "historical share." A state's historical percentage share of highway funds is equal to its share of all apportioned and allocated highway funds for the FFY 1987-1991 period less interstate construction and substitution, federal lands, emergency relief, demonstration project funds and the portion of minimum allocation funds attributable to the interstate construction and substitute programs. The state matching rate is 20 percent.

Account Identification: 20-8083-401

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$129,614	\$116,825	\$117,754

State Trust Fund: 011 - Road Fund

State Programs Supported	Pop. Served	Area
• National Highway System	General	Statewide

(2) SURFACE TRANSPORTATION PROGRAM (STP)

Program Description: The STP is designed to give state and local governments the flexibility to meet their needs. Projects eligible for assistance include: construction and maintenance of bridges, transit capital expenditures, planning, safety improvements, and wetlands, wildlife and ecosystem mitigation. Ten percent of a state's STP funds must be spent for transportation enhancement activities, and ten percent for safety programs. Furthermore, after the above set-asides, a state must obligate 62.5 percent of its apportionment to areas within the state based on their relative share of state population (areas above 200,000 population will be given a direct pass-through of funds), and 37.5 percent may be obligated anywhere within the state.

Formula Description: Funds for the NHS and STP are apportioned to the states using essentially the same distribution formula. Each state's "current percentage share" (i.e., the state's relative share of total apportionments for the NHS, STP, Bridge, and Interstate Maintenance programs) is equal to its "historical share." A state's historical percentage share of highway funds is equal to its share of all apportioned and allocated highway funds for the FFY 1987-1991 period less interstate construction and substitution, federal lands, emergency relief, demonstration project funds and the portion of minimum allocation funds attributable to the interstate construction and substitute programs. The state matching rate is 20 percent.

State Trust Fund: 011 - Road Fund

State Programs Supported	Pop. Served	Area
• Surface Transportation System	General	Statewide

(3) INTERSTATE MAINTENANCE

Program Description: These funds provide assistance in the reconstruction, restoration, rehabilitation, and resurfacing of the Interstate system. This program was replaced by the new Interstate Maintenance Program created by the ISTEA of 1991, and states have the discretion to transfer up to 20 percent of these funds to the NHS or STP.

Formula Description: Funds are distributed on the basis of interstate lane miles (55 percent) and vehicle miles traveled (45 percent). The federal share was 90 percent of total program costs with a maximum rate of 95 percent for states with large areas of public lands. Under the new Interstate Maintenance Program the state matching rate will be 20 percent.

(4) BRIDGE REPLACEMENT AND REHABILITATION

Program Description: Under this program, funds are provided to help states replace or rehabilitate bridges with deficiencies that are hazardous to the safety of motorists. A new Bridge Replacement and Rehabilitation Program was created by the ISTEA of 1991 and funds may be used for bridge replacement, repair, painting, coating and seismic retrofitting. A state may transfer up to 40 percent of its apportionment under the bridge program to the NHS or STP.

Formula Description: Funds are distributed on the basis of each state's share of the total cost of repairing deficient bridges. The normal federal share of approved projects was 80 percent, and will remain at that level under the new Bridge Replacement and Rehabilitation Program.

Account Identification: 20-8083-401

(5) METROPOLITAN PLANNING

Program Description: This program provides funds to assist in the planning of urban systems. A metropolitan planning program was included under the ISTEA of 1991, and the new NHS and STP will provide funding for highway research and planning.

Formula Description: Funds were allocated among states on the basis of urbanized population, usually in areas of at least 50,000 persons. The minimum state apportionment was 0.5 percent. The minimum federal share of approved projects was 75 percent with a maximum rate of 95 percent for states with large areas of public lands.

Account Identification: 20-8083-401

(6) CONGESTION MITIGATION AND AIR QUALITY

Program Description: This program created by the ISTEA of 1991 assists states and municipalities in complying with requirements imposed by the Clean Air Amendments of 1990. Funds may be spent on projects contributing to the attainment of air quality standards, but the projects must be sanctioned by the U.S. EPA or the U.S. Secretary of Transportation in consultation with the EPA.

Formula Description: Funds are apportioned to states on the basis of each state's relative share of the total non-attainment areas. Adjustments are made for the severity of each area's non-attainment problems. Each state is guaranteed a minimum of 0.5 percent of the total annual apportionments for the program. The state match is 20 percent.

(7) APPORTIONMENT ADJUSTMENT

Program Description: This is a funding adjustment created by the ISTEA of 1991 to resolve "equity" concerns of some "donor" states that historically paid more into the highway trust fund than they received back in highway apportionments. Each state is guaranteed that its total percentage of apportionment and allocations for base programs will be no less than 90 percent of the state's estimated payments into the federal highway trust fund. Other minimum allocation bonuses and hold harmless provisions will also be in effect.

Formula Description: Not applicable

20.218 MOTOR CARRIER SAFETY ASSISTANCE PROGRAM (MCSAP)

Program Description: This program is designed to reduce the number and severity of accidents and hazardous material incidents involving commercial motor vehicles by substantially increasing the level of enforcement activity and the likelihood that safety defects, driver deficiencies, and unsafe carrier practices will be detected and corrected.

Formula Description: Most funds will be allocated each year among the states according to a formula based on the following in equal proportions: roadway mileage, special fuel sales, truck registrations, vehicle miles traveled, and population. The federal share shall not exceed 80 percent of the approved incremental increase over the average for the 2 years prior to December 18, 1991. The state's share is

at least 20 percent. Additional funds are allocated under the provisions of the Motor Carrier Act of 1991.

20.308 LOCAL RAIL FREIGHT ASSISTANCE

Program Description: This program is designed to maintain efficient local rail freight services. Project grants and limited discretionary grants may be used by states to assist in acquiring a line of railroad or other rail properties for existing or future rail freight service. Grants may also be used for rehabilitation and improvement on lines certified by the railroad as having carried three million gross ton miles per mile or less during the prior year, and for state rail planning, rail facility construction and substitute service projects.

Formula Description: Each state is entitled to \$35,892.

20.500 FEDERAL TRANSIT CAPITAL IMPROVEMENT GRANTS

Program Description: This program is designed to assist in financing the acquisition, construction, reconstruction and improvement of facilities and equipment for use in mass transit service in urban areas. Eligible facilities and equipment include land, buses, other rolling stock and real and personal property needed for an efficient and coordinated mass transportation system.

Formula Description: This program has no statutory formula. Grants are awarded on a discretionary basis. Program funds could be used to meet up to 75 percent of the cost of the acquisition, construction, reconstruction, and improvement of facilities and equipment for mass transit service in urban areas. Under the ISTEA of 1991, 40 percent of the funds devoted to fixed guideway modernization are distributed using a new formula based on historical discretionary grants. The federal matching rate is 80 percent.

20.505 FEDERAL TRANSIT TECHNICAL STUDIES GRANTS

Program Description: This program is designed to assist in the development of cost-effective transportation improvement programs to include planning, engineering, and designing of urban mass transportation projects, and other technical studies in a program for a unified or officially coordinated urban transportation system. Activities assisted under this section may include: (1) preparation of transportation plans including transportation improvement programs with annual (or biennial) elements; (2) studies related to management, operations, capital requirements, and economic feasibility; (3) preparation of engineering and architectural surveys, plans, and specifications; and (4) evaluation of previously funded projects and other related activities in preparation for the construction, acquisition, or improved operation of mass transportation systems, facilities, and equipment.

Formula Description: This is a discretionary program and grants may be made for 80 percent of the eligible project cost. Preliminary allocation of funds is based on a weighted population distribution which recognizes the increased complexity of the planning process in larger metropolitan areas. All urbanized areas and states are eligible to participate in this program.

20.509 PUBLIC TRANSPORTATION FOR NONURBANIZED AREAS

Program Description: This program provides funds to states for the improvement, initiation, or continuation of public transportation service in non-urbanized areas. Program funds can be used to meet up to 80 percent of the cost of the acquisition, construction, reconstruction, and improvement of facilities and equipment for mass transit service in urban areas. Funds are distributed first to states, who then allocate the funds to local entities on a discretionary basis.

Formula Description: Funds are distributed for this program on the basis of non-urbanized population. The federal matching rate is 80 percent for capital projects and 50 percent for operating expenses.

20.513 CAPITAL ASSISTANCE PROGRAM FOR ELDERLY PERSONS AND PERSONS WITH DISABILITIES

Program Description: This program is designed to provide financial assistance in meeting the transportation needs of elderly and handicapped persons where public transportation services are unavailable, insufficient or inappropriate. Section 16 (b)(2) funding may be used for eligible capital expenses needed to provide efficient and coordinated specialized transportation service for elderly and handicapped persons.

Formula Description: Funds for this program are allocated among the states by an administrative formula which is based on the percentage of elderly and handicapped population in each state according the latest U.S. Census population figures. Grants may be made for 80 percent of the eligible project costs.

Account Identification: 69-8191-401; 69-1129-401

20.600 STATE AND COMMUNITY HIGHWAY SAFETY (SECTION 402)

Program Description: This program provides funds for implementing and maintaining highway safety programs. Formula grant funds are available to address problems in areas such as police traffic services, alcohol and drug counter measurers, occupant protection, traffic records, emergency medical services, and roadway safety.

Formula Description: The distribution of funds is based 75 percent on a state's relative share of the national population and 25 percent on a state's share of national public road mileage, with no state receiving less than 0.5 percent. The federal share was limited to 75 percent of the total project cost, but increased to 80 percent under the provisions of the ISTEA of 1991.

Account Identification: 69-8019-401; 69-8020-401

	FY 1994	FY 1995	FY 1996
Outlays to Illinois: (<i>\$ in thousands</i>)	\$5,249	\$11,452*	\$5,749

20.601 ALCOHOL TRAFFIC SAFETY AND DRUNK DRIVING PREVENTION INCENTIVE GRANT (SECTIONS 408 AND 410)

Program Description: Alcohol Traffic Safety and Drunk Driving Prevention Incentive grants encourage states to adopt effective programs to reduce accidents resulting from driving under the influence of alcohol or other controlled substances. To be eligible for basic grants, states must enact laws to establish conditions such as expedited driver's license suspension or revocation systems for persons who operate motor vehicles while under the influence of alcohol; statewide vehicle stopping programs to identify persons driving under the influence; self-sustaining drunk driving prevention programs to fund comprehensive community programs; effective systems for preventing operators of motor vehicles under the age of 21 from obtaining alcoholic beverages; mandatory sentences not subject to probation for persons convicted of driving while intoxicated more than once in a five-year period; and a blood alcohol concentration level of .08 for the last two fiscal years of a five-year grant period.

Formula Description: State grants are based on the amount of funds received under Section 402 (State and Community Highway Safety) and no state can receive funds for more than five years. The federal matching share is 75 percent the first year, 50 percent the second year, and 25 percent for the third, fourth and fifth years of the grant program.

64.111 VETERANS EDUCATIONAL ASSISTANCE

Program Description: The State Approving Agency (SAA) approves college and non-college degree programs, apprenticeship and other on-the-job training so that educational assistance benefits may be paid to veterans and other eligible persons under the several programs administered by the U. S. Department of Veteran's Affairs. All courses and training must lead to an educational, professional or vocational objective. The SAA must specifically approve each program of education into which an institution wishes to enroll veterans or other eligible persons. If an institution operates branch or extension facilities, courses and training offered at those sites must be approved separately.

Formula Description: This program has no statutory formula.

45.023 PROMOTION OF THE ARTS—LOCAL ARTS AGENCIES PROGRAM

Program Description: This program is designed to enhance the quality and availability of the arts by fostering expansion of public support for the arts at the local level and to strengthen the local arts agency as a

mechanism for arts planning, financial support and development and to encourage joint planning for the arts by federal, state, and local art agencies, community leaders, public officials, art organizations, and artists.

Formula Description: Grants to state art agencies require a three-to-one match and direct grants to local art agencies require a two-to-one match. Matching funds must be new or increased public money. Grants in the Local Arts Agency Development Category must be matched one-to-one with new public and/or private money.

COMMERCE COMMISSION

20.700 PIPELINE SAFETY

Program Description: This program is designed to develop and maintain state natural gas, liquefied natural gas, and hazardous liquid pipeline safety programs. Eligible activities cover such areas as inspection and testing of gas pipelines as well as related travel, training, and research.

Formula Description: This program has no statutory formula. The Natural Gas Pipeline Safety Act authorizes federal reimbursement of up to 50 percent of a state's expenditures during the year for personnel, equipment, and activities reasonably required by the state agency for the conduct of its pipeline safety program. The Act further stipulates that the state expenditures in any given year, without federal assistance, cannot be less than the average amount expended by the state for gas pipeline safety during FY 1967 and 1968 and for the last two fiscal years preceding the date of enactment of the Hazardous Liquid Pipeline Safety Act of 1979. The state agency must also agree to provide the remaining cost of the safety program(s). Within these limitations, the formula used to allocate the majority of available funds assigns a preliminary allocation based on a percentage factor inversely related to the size of the requested funding. These amounts are modified by

subtracting an amount calculated by multiplying the difference between the total requests and the primary portion of available funds by the result of dividing each state's shortfall (the difference between the request and the preliminary allocation) by the total shortfall. This produces a primary allocation. A secondary allocation is determined by assigning point values to the states for having achieved certain levels of program participation, dividing this point score by the sum of the states' point scores, and multiplying this ratio by the amount available for the distribution. In 1992, federal allocations represented 35 percent of the estimated state request in the natural gas program (range: 21 to 50 percent) and 28 percent in the hazardous liquid program (range: 18 to 50 percent). The criteria used are jurisdiction, inspector qualifications, recommended number of inspection persons/days, and underground utility damage prevention.

COURT OF CLAIMS

16.576 CRIME VICTIM COMPENSATION

Program Description: This program provides compensation to victims and survivors of criminal violence, including drunk driving and domestic violence. Areas of compensation are medical expenses attributable to a physical injury resulting from a compensable crime, including expenses for mental health counseling and care; loss of wages attributable to a physical injury resulting from a compensable crime; and funeral expenses attributable to a death resulting from a compensable crime.

Formula Description: Allocations are based on 40 percent of the amounts awarded by the state during the preceding fiscal year, other than amounts awarded for property damage. The state must certify that the federal funds received under the program will not supplant state funds otherwise available for victim compensation. Fund availability may require a base change. If the sums available for grants under this program are insufficient to provide grants of 40 percent as provided

above, grants from the sums available will be made to each eligible crime victim compensation program so that all such programs receive the same percentage of the amounts awarded by such programs during the preceding fiscal year, other than property damage amounts.

16.575 CRIME VICTIM ASSISTANCE

Program Description: The Victims of Crime Act of 1984 established a special fund in the U.S. Treasury to hold criminal fines that are collected from persons convicted of offenses against the United States. Annual grants are made to eligible crime victims compensation programs, both for victims compensation (up to 40 percent of state spending) and for state assistance. Total grants from the fund for these two purposes cannot exceed \$125 million, with part of the excess used for a series of small social programs and the balanced transferred to the Treasury general fund.

Formula Description: Compensation grants are made for up to 40 percent of state spending for victims' compensation during the previous year. Remaining amounts available for state assistance are made on the basis of population, after first providing each state with \$200,000.

16.579 DRUG CONTROL AND SYSTEM IMPROVEMENT— FORMULA GRANT

Program Description: This program is designed to provide financial assistance to state and units of local government, for the purpose of increasing the apprehension, prosecution, adjudication, detention, rehabilitation, eradication and treatment of persons who violate state and local laws relating to the production, possession and transfer of controlled substances, and to improve the criminal justice system. Funds may be used to provide additional personnel, equipment, facilities (including upgraded and additional law enforcement crime laboratories), personnel training and equipment. The Act restricts the use of these funds for supplanting of state and local funds and land acquisition.

Formula Description: Each participant state receives a base amount of \$500,000 or .25 percent of the amount available for the program, whichever is greater, with the remaining funds allocated to each state

on the basis of the state's relative share of total U.S. population. If a state elects not to participate, all funds may be awarded directly to local units of government and combinations of units of local governments within the state. Funds from the act may be used to pay up to 75 percent of the cost of a program or project. The remaining nonfederal share will be provided in cash. Match for the formula grant programs is provided for on a project-by-project basis, statewide basis, unit of government basis, or a combination of the above. Funds distributed to an Indian tribe which performs law enforcement functions (as determined by the Secretary of the Interior) for any program or project described in the Act shall be 100 percent of such costs.

16.588 VIOLENCE AGAINST WOMEN FORMULA GRANT

Program Description: Formula grants are available to assist governments in developing, implementing, and strengthening effective law enforcement strategies to combat violent crimes against women, and to develop and strengthen victim services in crimes against women. Grantees are required to spend 25 percent of the total funds on each of these three areas: prosecution, law enforcement, and victim services.

Formula Description: Federal contribution may not exceed 75 percent of the total costs. The 25 percent state match may be in-kind contributions. Each state will have \$426,364 available to it.

Account Identification: 95-2720-506

PLANNING COUNCIL ON DEVELOPMENTAL DISABILITIES

93.630 DEVELOPMENTAL DISABILITIES BASIC SUPPORT AND ADVOCACY GRANTS

Program Description: Allotments under the basic developmental disabilities formula grant program may be used by states for priority area and other activities, including administrative costs, to build capacity, to refocus existing services, and to better meet the needs of persons with developmental disabilities. The designated state agency in each state receives, accounts for, and disburses funds, and provides for required assurances and other administrative support services on behalf of the state planning council, which carries out the priority area and other activities under an approved triennial state plan. This plan is developed and monitored by the state planning council. Funds may be expended for up to half the cost of the functions of the designated state agency under this program, but may not exceed five percent of a state's allotment or \$50,000, whichever is less. Secondly, allotments under the protection and advocacy program may be used to assist states in supporting a system which will have authority to pursue legal and other remedies to protect the rights of persons with developmental disabilities within the state.

Formula Description: Two-thirds of the amount appropriated is allotted to each state according to the ratio the population of each state bears to the population of the United States, weighted by the relative per capita income for each state. One-third of the amount appropriated is allotted to each state according to the ratio of beneficiaries in the state receiving benefits under the Childhood Disabilities Beneficiary Program, related to the age 18-65 population of the state as bearing on the national total of such population, weighted by the total population of the state. The data used to compute allotments are supplied annually by the Social Security Administration and the U.S. Department of Commerce, for the three most recent consecutive years for which satisfactory data are available. The federal share of projects supported under the state plan may not exceed 75 percent except for activities in

urban or rural private areas which may not exceed 90 percent of the total project cost. No match is required for Protection and Advocacy allotments.

10.550 FOOD DISTRIBUTION

Program Description: This program is designed to improve the diets of school and preschool children; the elderly; needy persons in charitable institutions, other individuals in need of food assistance; and to increase the market for domestically produced foods acquired under surplus removal or price support operations.

Formula Description: Foods are donated on the basis of availability and need. Foods are allocated to each state on the basis of a formula combining the number of persons in the state living below the poverty level (60 percent) and the number of unemployed persons (40 percent).

10.553 SCHOOL BREAKFAST PROGRAM

Program Description: This program is designed to assist states in providing a nutritious nonprofit breakfast service for school students, through cash grants and food donations. Paid, free and reduced-price meals are provided.

Formula Description: Federal funds are made available for breakfast assistance in accordance with Section 4 of the Child Nutrition Act on a performance basis by: (1) multiplying the number of paid breakfasts served during the fiscal year by a national average payment (NAP); (2) multiplying the number of breakfasts served free to eligible students by a NAP prescribed by the Secretary for free breakfasts; and (3) multiplying the number of reduced price breakfasts served to eligible students by a NAP prescribed by the Secretary for reduced-priced breakfasts. The amount of federal funds given the grantee is the sum of the products obtained from these three computations. The statistical factors used in this formula are: (1) The NAPs; (2) the total number of paid breakfasts served to eligible children; and (3) the number of such breakfasts served free or at reduced price. The NAPs are prescribed by the Secretary and adjusted each July 1, in accordance with the food

away from home component of the Consumer Price Index for all urban consumers. This program has a maintenance of effort requirement.

10.555 NATIONAL SCHOOL LUNCH PROGRAM

Program Description: This program is designed to assist states, through cash grants and food donations, in making the school lunch program available to school students and to encourage the domestic consumption of nutritious agricultural commodities. Beginning with the 1993-94 school year, schools meeting eligibility criteria may be reimbursed for meal supplements served to children enrolled in afterschool hour care programs.

Formula Description: The funding formula for the general cash for food assistance phase of the program is set forth in Section 4 of the National School Lunch Act, as amended; the formula for special cash assistance is described in Section 11 of the Act. Both phases of the program are funded on a performance basis. For every lunch served during the applicable fiscal year, the state receives a payment from funds made available under Section 4. In addition, the state receives a payment from Section 11 funds for each lunch served to a student eligible for free or reduced price lunches. The amounts of such per-lunch payments are determined by "National Average Payment" (NAP) factors. The amount due the state under this program is obtained by: (1) multiplying the total number of eligible lunches served during the fiscal year by the Section 4 NAP factor; (2) multiplying the number of free lunches served by the Section 11 NAP factor for free lunches; (3) multiplying the number of lunches served at reduced price by the Section 11 NAP factor for reduced price lunches; and (4) adding together the three products obtained thereby. The NAP factors are prescribed by the Secretary in accordance with Sections 4 and 11, respectively, of the Act; the numbers of lunches are obtained from programmatic reports submitted to FNS. Section 11 of the Act requires that the NAP factors be adjusted annually, according to changes in the food away from home component of the Consumer Price Index for all

urban consumers; the source is the Bureau of Labor Statistics. Effective with the 1981-82 school year (school year being defined as the period July 1 through June 30), and subsequent years thereafter, each state must appropriate from state revenues and use, for program purposes, an amount equal to 30 percent of the Section 4 funds made available to the state in the 1980-81 school year. Also, commodity schools are eligible to receive donated commodities equal in value to the sum of section 6 and section 4 assistance rates, except that up to 5 cents of this amount may be received in cash for processing and handling commodities. In addition, commodity schools are now eligible for Section 11 free and reduced price meal reimbursements.

10.556 SPECIAL MILK PROGRAM FOR CHILDREN

Program Description: This program is designed to provide subsidies to nonprofit schools, nursery schools, child-care centers, settlement houses, summer camps and similar institutions provided that these schools and institutions do not participate in a meal service program authorized under the National School Lunch Act or the Child Nutrition Act of 1966. The program is to encourage the consumption of fluid milk by children of high school age and under.

Formula Description: The reimbursement rate for each paid half pint of milk served to students with income levels above 130 percent of the poverty line in schools and institutions that participate in the Special Milk Program during school year 1994-95 is 11.00 cents. This rate is adjusted each school year to correspond to the change in the Producer Price Index for fresh processed milk published by the Bureau of Labor Statistics. The statistical factor used for beneficiary eligibility for free milk is 130 percent of the poverty line and the source is the federal income poverty guidelines. Each half pint of milk served free to eligible students is reimbursed at full cost. There is no matching requirement, but the cost of paid milk in excess of the federal reimbursement must be borne by sources within the states. Disbursement to states is made on the basis of the number of half pints served to students. This program has maintenance of effort requirements.

10.558 CHILD AND ADULT CARE FOOD PROGRAM

Program Description: This program is designed to assist states, through grants-in-aid and other means, to maintain nonprofit food service programs for children and elderly or impaired adults in public and private nonprofit non-residential institutions providing care; family day care homes for children; and private for-profit centers that receive compensation under Title XX of the Social Security Act for at least 25 percent of the children, and under Title XIX or Title XX for at least 25 percent of the adults who are enrolled in non-residential day-care services.

Formula Description: Program funds are provided to the states through a letter of credit to reimburse institutions for their costs in connection with the food service operations, including administrative expenses. Appropriate rates of reimbursement, multiplied by the number of meals served to enrolled participants, represent the basic program payment that an institution receives for each meal served. The assigned rates of reimbursement are adjusted annually to reflect changes in the food away from home component of the Consumer Price Index for all urban consumers. Donated foods or cash in lieu thereof, are also made available. Program payments to child care or adult day care centers depend on the number of meals served to enrolled participants multiplied by the appropriate rates of reimbursements. For children in child care centers and eligible adults in adult day care centers, these rates are determined by the income levels of the children/adults served. Using the Income Poverty Guidelines issued by the Department of Health and Human Services, the participant's eligibility for free and reduced price meals is based on a statement of family size and income. The participant is placed in one of three categories: free, reduced price, or paid meals. Sponsoring organizations of day-care homes for children are reimbursed at a separate, single rate, by meal type, for all food service and administrative costs, except that meals served to the provider's own children are reimbursable only if such children are eligible for free or reduced price meals. The

reimbursement for food service is passed on by the sponsoring organization to the day care homes under their auspices. This program has maintenance of effort requirements.

10.560 STATE ADMINISTRATIVE EXPENSES FOR CHILD NUTRITION

Program Description: This program is designed to provide each state with funds for its administrative expenses in supervising and giving

technical assistance to local schools, school districts and institutions in their conduct of child nutrition programs. State agencies that administer the distribution of USDA donated commodities to schools or child or adult care institutions are also provided with state administrative expense funds.

Formula Description: For the National School Lunch Program, the School Breakfast Program, and the Special Milk Program, funds are allocated on the basis of an amount equal to one percent of the total funds used in the state for these programs during the second preceding year based on FNS program and fiscal data. No state receives less than \$100,000 or the amount it received in FFY 1981, whichever is larger. For the Child Care Food Program a sliding grant is made based on FNS program and fiscal data. In addition, the Secretary has discretionary authority to provide funds to states for program improvement, based on FNS program and fiscal data. The authorizing legislation which establishes eligibility for administrative expense funds is the Child Nutrition Act of 1966, as amended, Section 7. This program has a maintenance of effort requirement. Any reduction of funds from state sources below the FFY 1977 level will result in a withdrawal of federal funds under this grant.

10.564 NUTRITION EDUCATION AND TRAINING PROGRAM (NET)

Program Description: This program encourages the dissemination of nutrition information to children who participate or who are eligible to participate in the school lunch or related child nutrition programs. Grants are made to state education agencies for the training of education and food service personnel and the conduct of nutrition education activities in classrooms.

Formula Description: Funds are apportioned based on the latest available enrollment data for institutions in each state multiplied by 50

cents. If funds appropriated are not sufficient to meet this formula, the amount granted to each state will be proportionately reduced. States may use up to 15 percent of their total grant for up to 50 percent of expenditures for administration.

17.249 EMPLOYMENT SERVICES AND JOB TRAINING—PILOT AND DEMONSTRATION PROGRAMS

Program Description: This program is designed to provide, foster, and promote job training and other services which foster new or improved linkages between the network of federal, state, and local employment, training, and human resource agencies and components of the private sector. Programs operate in more than one state and serve groups with particular disadvantages in the labor market. Funds may be used to provide or arrange for job training, related services, and job opportunities for members of groups with particular disadvantages in the general labor market. These groups may include displaced homemakers, offenders, persons with limited English-speaking ability, handicapped persons, youth, single parents, women, minorities, displaced workers, and persons lacking educational credentials. Funds under this program are awarded primarily on a competitive basis.

Formula Description: This program has no statutory formula, but one may be administratively imposed for particular solicitations or groups of awards.

84.002 ADULT EDUCATION—STATE GRANT PROGRAM

Program Description: This program is designed to improve educational opportunities for adults and to encourage the establishment of adult education programs that will enable all adults to acquire basic educational skills necessary for literate functioning. Such programs should enable adults who so desire to complete secondary school and to benefit from job training and retraining programs in order to obtain productive employment.

Formula Description: \$250,000 is made available to each state. From the remainder of funds available, the distribution is made on the basis of the number of individuals aged 16 or over without a high school diploma compared to the number of such adults in all states. The matching requirement is 25 percent. This program has a maintenance of effort requirement.

84.009 EDUCATION OF CHILDREN WITH DISABILITIES IN STATE OPERATED OR SUPPORTED SCHOOLS

Program Description: This program is designed to extend and improve comprehensive educational programs for handicapped children enrolled in state operated or state supported schools.

Formula Description: The statistical factors used for fund allocation are: (1) the state total number of handicapped children in average daily attendance (birth to 21), multiplied by 40 percent of the average per pupil expenditure for each state (or not less than 80 percent nor more than 120 percent of the national coverage per pupil expenditure) and the source is the Revenues and Expenditures Annual. Project monies are granted on the basis of the number of handicapped children to be served, merit of the project design, and state agency funding priorities. There are no matching requirements, but this program does have maintenance of effort requirements.

84.010 TITLE 1 GRANTS TO LOCAL EDUCATIONAL AGENCIES

Program Description: This program is designed to provide financial assistance to local educational agencies (LEAs) to meet the special

needs of educationally deprived children by helping them succeed in the regular school program, attain grade level proficiency, and improve achievement in basic and more advanced skills.

Formula Description: The formula for allocating basic grants is in Section 1005 and for concentration grants in Section 1006 of the Elementary and Secondary Education Act of 1965. Basic grants are allocated to counties by formula, based on a state's per pupil expenditure for education and the number of school-aged children from low-income families. States in turn make sub-county allocations to school districts using the best available data on the number of low-income children. Concentration grants are allocated to counties and LEAs having at least 6,500 children from low-income families or a poverty rate of at least 15 percent. In cases where counties and LEAs qualify under the 15 percent poverty rate threshold, the statute requires all children from low-income families to be counted for allocation purposes; in counties and LEAs that qualify only under the 6,500 children threshold, only low-income children in excess of that number are counted. The law also provides a minimum state allocation for basic and concentration grants. Within LEAs, school officials target funds to schools with the greatest numbers of poor children. Although basic grants and concentration grants are allocated to LEAs through different formulas, school districts combine these funds for use as a single program. There is no matching requirement. This program has maintenance of effort requirements.

84.011 MIGRANT EDUCATION—BASIC STATE GRANT PROGRAM

Program Description: This program is designed to establish and improve programs to meet the special educational needs of migratory children of migratory agricultural workers or migratory fishers.

Formula Description: Funds are allocated through a statutory formula base on each State's per pupil expenditure and the number of eligible

full-time and part-time equivalent migrant students aged three through twenty-one residing within the state. In determining the full-time and part-time equivalent number of migratory children who are in a state during the summer months, the Secretary of Education shall adjust the number to take into account the special needs of those children for summer programs and the additional costs of operating such programs during the summer. Counts of migratory children are as determined through the Migrant Student Record Transfer System (MSRTS) of the Arkansas State Department of Education. State per pupil expenditure rates are determined by the National Center for Education Statistics (NCES). This program has a maintenance of effort requirement, but no matching requirements.

84.012 EDUCATIONALLY DEPRIVED CHILDREN—STATE ADMINISTRATION

This federal program provides funds in two categories. Each category is presented below in order to provide as much detail as possible concerning the purpose, formula, and funding for each part of the program.

(1) CHAPTER 1—STATE ADMINISTRATION

Program Description: This program provides financial assistance to enable state educational agencies to meet their administrative responsibilities under the Chapter 1 programs. Their activities may include monitoring for compliance, providing technical assistance and approving projects from local school districts and state agencies responsible for providing education for handicapped, migratory and neglected or delinquent children.

Formula Description: Each state receives \$325,000 or an amount not to exceed one percent of the amount allocated for Chapter 1 programs,

whichever is higher. There are no matching requirements. This program is no longer authorized.

(2) CHAPTER 1—COMPENSATORY EDUCATION GRANT BACK AWARDS

Program Description: This program provides reimbursements to the State Board of Education for the establishment of an automated administration system. This is a negotiated award for Chapter 1 programs to repay the ISBE for previously recovered funds due to an audit finding that they had failed to implement necessary procedures to allocate joint administrative costs to Title I.

Formula Description: This program has no statutory formula. It is being reimbursed at an amount equal to 75 percent of the principal amount of funds recovered by the U.S. Department of Education from the ISBE as a result of a final audit determination for the period from September 1, 1978 through September 30, 1980.

84.013 TITLE 1 PROGRAM FOR NEGLECTED AND DELINQUENT CHILDREN

Program Description: This program is designed to provide financial assistance to state agencies to meet the special needs of institutionalized neglected or delinquent children, children in community day programs for whom they have an educational responsibility and children in adult correctional institutions. These funds may be used to supplement, not supplant, services normally provided with state funds.

Formula Description: The statistical factors used for fund allocation are the average daily attendance of children under 21 years of age in grade 12 or below in schools operated or supported by a state agency, multiplied by 40 percent of the state's average per pupil expenditure (or not less than 80 percent nor more than 120 percent of the national average per pupil expenditure). The sources are the unpublished annual survey of average daily attendance conducted by the Compensatory Education Programs office, and Revenues and Expenditures, National Center for Education Statistics. Statistical factors used for eligibility do not apply to this program. There is no matching requirement. This program has maintenance of effort requirements.

84.025 SERVICES FOR CHILDREN WITH DEAF-BLINDNESS

Program Description: This program is designed to provide technical assistance to state education agencies and to improve services to deaf-blind children and youth. Grants and/or contracts may be used to support activities designed to ensure that states have the necessary capacity to serve the deaf-blind children for whom they are responsible.

Formula Description: This program has no statutory formula. Grants are awarded on a discretionary basis.

84.027 SPECIAL EDUCATION—GRANTS TO STATES

Program Description: This program assists states in providing appropriate educational services to all children with disabilities aged 3 to 21. States are required to provide educational services to children with disabilities such as mental retardation, hearing impairments, deafness, visual impairments, speech or language impairments, autism, traumatic brain injuries, emotional disturbances, orthopedic impairments, other health impairments, deaf-blindness, multiple disabilities or learning disabilities. To be eligible for funds, states must submit acceptable state plans, which include the development and implementation of individualized education programs for each child, the establishment of procedural safeguards and in-service training of personnel.

Formula Description: Funds are distributed on the basis of the number of children served. This program has a maintenance of effort requirement.

Account Identification: 91-0300-501

84.048 VOCATIONAL EDUCATION—BASIC GRANTS TO STATES

Program Description: This program provides funds and educational resources to enable our country to be more competitive in the world economy by developing the academic and occupational skills of all segments of the population to work in a technologically advanced society. It also established specific percentages to be spent for each of the following groups: handicapped, disadvantaged, adults in need of training or retraining, single parents and homemakers, single pregnant women, participants in programs designed to eliminate sex bias and stereotyping, and correctional institution inmates.

Formula Description: The distribution of program funds is determined by the relative number of individuals in each state aged 15 to 19, 20 to 24, and 25 to 65 with more weight given to the 15 to 19 age group. These populations are multiplied by an allotment factor based on state personal income to obtain the state shares. This program has a 50

percent state matching requirement for administration only and also requires a maintenance of effort.

Account Identification: 91-0400-501

84.053 VOCATIONAL EDUCATION—STATE COUNCILS

Program Description: This program provides funds for the administrative costs of state vocational education advisory councils.

Formula Description: Each state council receives a grant of \$150,000. The remaining funds are allotted to states according to a formula based on state populations in three age groups, and per capita income (averaged for the three most recent consecutive fiscal years). The formula gives more weight to the 15 to 19 year old populations, the youngest of the three groups. It also favors states with lower per capita incomes. State per capita income data determine state allotment ratios. The 15 to 19 age group is weighted 50 percent, the 20 to 24 age group is weighted 20 percent and the 25 to 65 age group is weighted 15 percent. A fourth distribution, weighted 15 percent, is based on the sums of the amounts resulting from the three age group distributions. After state allotments are calculated, adjustments are made to each state's allotment so that no state receives less than \$150,000 nor more than \$250,000. No match is required.

Account Identification: 91-0400-501

84.151 FEDERAL, STATE, AND LOCAL PARTNERSHIPS FOR EDUCATIONAL IMPROVEMENT (CHAPTER 2, STATE BLOCK GRANTS)

Program Description: Grants are awarded to state educational agencies (SEAs) for state and local educational programs for students at risk of failure in school; instructional and education materials; school-wide improvements and effective school programs; training and professional development; early childhood education programs, personal excellence of students and student achievement; and innovative enhancement projects to the educational program and climate of the school.

Formula Description: Funds are distributed among the states on the basis of the number of school-age children (ages 5-17). No state may receive less than 0.5 percent of the total appropriation. The state is authorized to reserve up to 20 percent of the funds for state programs and 80 percent is distributed to local education agencies on the basis of a formula developed by the state and approved by the Secretary of Education.

84.162 EMERGENCY IMMIGRANT EDUCATION

Program Description: Immigrant education grants provide local education agencies (LEAs) with funds for the education of non-native born students. The LEA enrollment requirement is at least 500 or at

least 3 percent of total enrollment. To be counted, immigrant children must have been enrolled in U.S. schools for less than three years.

Formula Description: The Secretary of Education determines the amount a state is entitled to receive based on the number of eligible immigrant children reported by the state multiplied by \$500. This amount is subject to reductions based on the amount of funds made available to the state under other federal programs with the same purpose to serve children eligible under this program and based on the availability of funds. A state may use up to 1.5 percent of the award for administrative costs. The remaining funds are allocated to local education agencies based on their reported counts of immigrant children.

**84.164 EISENHOWER MATHEMATICS AND SCIENCE
EDUCATION—STATE GRANTS**

Program Description: This new program provides support to states for the training and retraining of math and science education teachers. Part of the cost of training individuals to teach at the secondary school level can be reimbursed.

Formula Description: Funds are distributed to states based upon the relative number of children in each state aged 5-17 years (50 percent) and upon each state's previous year's allocation under Part A of Chapter I of the Elementary and Secondary Education Act (50 percent). Seventy-five percent of the state's allocation is to be administered by the state agency for elementary and secondary education and 25 percent is to be administered by the state agency for higher education. From the amount it receives, the state agencies for elementary and secondary education distribute not less than 90 percent of the funds directly to local educational agencies, reserve not more than five percent for demonstration and exemplary programs administered at the state level, and may use up to five percent for administration. The state agency for higher education, which administers the higher education portion of

the grant, uses at least 95 percent of its funds for competitive grants to institutions of higher education and retains up to five percent for administration of the programs. The programs are directed at improving teaching and instruction in elementary and secondary education. No matching is required.

84.174 VOCATIONAL EDUCATION—COMMUNITY BASED-ORGANIZATIONS

Program Description: This program is designed to provide educational assistance to severely disadvantaged youth, through the collaboration of public agencies, community-based organizations and business concerns, to enable them to succeed in vocational education.

Formula Description: Funds for community-based organizations are allotted to states according to a formula based on populations in three age groups, and their per capita income (averaged for the three most recent consecutive fiscal years). The formula gives more weight to the 15 to 19 year old population, the youngest of the three groups. It also favors states with lower capita incomes. State per capita income data determines state allotment ratios. Generally, the allotment ratio for a state is 1.00 minus the product of 0.50 and the quotient obtained by dividing the per capita income for the state by the per capita income for all the states. The age groups are 15 to 19, 20 to 24 and 25 to 65 and they are weighed 50 percent, 20 percent and 15 percent respectively. A fourth distribution, weighted 15 percent, is based on the sums of the amounts resulting from the three age group distributions. Generally, each state receives an allotment consisting of four parts: 1) an amount which bears the same ratio to 50 percent of the sums being allotted as the product of state's population aged 15 to 19 bears to the sum of the corresponding product of the state's population aged 20 to 24 bears to the sum of the corresponding products for all the states; 2) an amount which bears the same ratio to 15 percent of the sums being allotted as the product of the state's population aged 25 to 65 bears to the sum of the corresponding products for all the states; 3) an amount which bears the same ratio to 15 percent of the sums being allotted as the amounts allotted to the state in the previous three operations. The Bureau of the Census supplies the population data; the Department of Labor supplies the per capita income data. No matching is required.

84.186 SAFE AND DRUG-FREE SCHOOLS—STATE GRANTS

Program Description: This program establishes state and local programs of alcohol and drug abuse education and prevention coordinated with related community efforts and resources.

Formula Description: Allocations are made to states and territories. An allocation is made to each state based on the state's school age population and Chapter 1 allocations. Most of the allocation is administered by state education agencies (SEAs) for drug and alcohol abuse education and prevention programs in local school systems. Ninety percent of the funds received by an SEA must be granted to local educational agencies (LEAs). The remainder of the amount paid to a state is used by the governor's office for grants and contracts with community-based organizations for the development and implementation of broadly-based programs of alcohol and drug abuse education and prevention. The governors' offices must also award minimum percentages of funds for high-risk youth, drug abuse resistance education (DARE) and replication of successful drug education programs.

84.216 PRIVATE SCHOOL—CAPITAL EXPENSES (CHAPTER 1)

Program Description: This program provides payments to local educational agencies for increases in capital expenses paid from Chapter 1 funds for the purpose of regaining levels of instructional services to eligible private school children that were reduced subsequent to July 1, 1985, as a result of *Aguilar vs. Felton*. These funds may be used toward expenditures for noninstructional goods and services such as the purchase, lease, and renovation of real and personal property, insurance, maintenance costs, transportation, and comparable goods and services.

Formula Description: The amount that each state is eligible to receive shall be an amount which bears the same ratio to the amount appropriated as the state's percentage of children enrolled in private schools that were served under Chapter 1 of the Education Consolidation and Improvement Act of 1981 in all states during the period July 1, 1984, through June 30, 1985. There are no matching requirements.

84.243 TECH-PREP EDUCATION

Program Description: This program is designed to distribute funds to states to: (1) enable them to provide planning and demonstration grants to consortia of local educational agencies and postsecondary educational agencies, for the development and operation of four-year programs designed to provide a tech-prep education program leading to a two-year associate degree or a two-year certificate; and (2) provide,

in a systematic manner, strong, comprehensive links between secondary schools and postsecondary education institutions. Each funded program is carried out under an articulation agreement between the participants in a consortium. It consists of the two years of secondary school preceding graduation and two years of higher education, or an apprenticeship program of at least two years following secondary instruction, with a common core of required proficiency in mathematics, science, communications, and technologies designed to lead to an associate degree or certificate in a specific career field. It also includes the development of a tech-prep education program curricula and in service training for teachers and counselors designed to meet consortium need.

Formula Description: Funds for basic state grants are allotted to states according to a formula based on states' populations in three age groups, and their per capita income averaged for the three most recent consecutive fiscal years. The formula gives more weight to the 15- to 19-year-old population, the youngest of the three age groups. It also favors states with lower per capita incomes. State per capita income determines share allotment ratios. Generally, the allotment ratio for a state is 1.00 minus the product of 0.50 and the quotient obtained by dividing the per capita income for the state by the per capita income for all the states. The age groups are 15 to 19, 20 to 24, and 25 to 65. They are weighted 50 percent, 20 percent and 15 percent respectively. A fourth distribution, weighted 15 percent, is based on the sums of the amounts resulting from the three year group distributions.

84.298 INNOVATIVE EDUCATION PROGRAM STRATEGIES

Program Description: Grants are awarded to assist state and local agencies in improving elementary and secondary education. Funds may be used for innovative assistance in the acquisition and use of instructional materials; technology related to the implementation of school bus reform; promising school reform projects; and reforms associated with the Goals 2000 program.

Formula Description: The formula for this program is based on the state's population of children aged 5 to 17. The State Board of Education may reserve up to 15 percent for their purposes, of which 25 percent may be used for administration. The remaining funds are

distributed to local school authorities by a formula determined by the state and approved by the U.S. Secretary of Education.

94.004 LEARN AND SERVE AMERICA PROGRAM FOR SCHOOL-AGE YOUTH

Program Description: Learn and Serve America grants support both in-school and community-based service learning projects that integrate community service into academic learning. Grants encourage elementary and secondary students to become involved in service projects.

Formula Description: The program formula is based on the population of school age youths in each state and also on the State’s allocation of funds under Chapter 1 of Title 1 of the Elementary and Secondary Schools Education Act of 1965. No state shall receive less funds than it received under section 112(b) of this act in FFY 1994.

EMERGENCY MANAGEMENT AGENCY (IEMA)

08.306 CHEMICAL STOCKPILE EMERGENCY PLANNING PROGRAM

Program Description: This is a comprehensive planning program to protect citizens from the consequences of a chemical accident. The program is authorized through a memorandum of understanding between the Department of Defense/Army and the Federal Emergency Management Agency. The planning in Illinois relates to the

incineration of excess chemical weapons at the Newport Ammunition plant.

Formula Description: This program has no statutory formula or matching requirements.

20.703 INTERAGENCY HAZARDOUS MATERIALS—PUBLIC SECTOR TRAINING AND PLANNING GRANTS

Program Description: These project grants are intended to assist states in developing and implementing emergency response plans under the Emergency Planning and Community Right-to-Know Act (EPCRA). Plans are to include the determination of flow patterns within and between states; the need for a regional hazardous materials response team; and the training of public sector employees to respond to accidents and incidents involving hazardous materials.

Formula Description: This project has no statutory formula but requires a 20 percent match of total project costs. It also has maintenance of effort requirements.

Account Identification: 69-5282-407

83.011 HAZARDOUS MATERIALS TRAINING PROGRAM FOR IMPLEMENTATION OF THE SUPERFUND AMENDMENT AND REAUTHORIZATION ACT (SARA) OF 1986

Program Description: This program’s goal is to support state, local, and university-sponsored efforts to improve emergency planning, preparedness, mitigation, response, and recovery capabilities. Projects must have a special emphasis on emergencies associated with hazardous chemicals. These funds are intended for the delivery of training only.

Formula Description: The formula is based on factors including population, the number of chemical facilities, and the number of transportation routes within a region. A 20 percent match or in-kind contribution is required.

Account Identification: 58-010-999

83.104 ACQUISITION OF FLOOD DAMAGED STRUCTURES

Program Description: This program is designed to reduce future flood insurance and disaster assistance costs by removing repeatedly or substantially damaged structures from flood risk areas, thereby reducing the potential for loss of life and restoring the flood plain. Any improved property purchased under this project should be used for land management and open space programs, no new construction is allowed. Land purchases under this program are voluntary and title of the property is transferred to the local community.

Formula Description: This program has no statutory formula or matching requirements.

Account Identification: 58-0101-999

83.503 CIVIL DEFENSE—STATE AND LOCAL EMERGENCY MANAGEMENT ASSISTANCE

Program Description: This program provides funds to state and local governments to develop effective civil defense organizations in order to plan for and coordinate emergency activities in the event of catastrophic disaster or national emergency.

Formula Description: Funds are primarily distributed on the basis of relative risk area population, relative state of development of civil defense readiness in the state, total state population, and other factors as the director shall prescribe. Funding is based on 50 percent federal funds and 50 percent state or local funds.

83.505 STATE DISASTER PREPAREDNESS GRANTS

Program Description: This program is designed to assist states in developing and improving state and local plans, programs, and capabilities for disaster preparedness and prevention. The act authorizes two kinds of grants to each state. An initial grant provides for the development of plans, programs, and capabilities for disaster preparedness and prevention. States may apply for an additional grant to be applied to such preparedness programs as: (1) plans for disaster response in general, for specific natural disaster contingencies in special locales, for local and area mutual emergency support under state sponsorship, for long-range recovery, and for disaster mitigation and hazard reduction; (2) revision, as necessary, of state legislation, implementing orders, regulations, and other authorities and assignments relevant to disaster preparedness and assistance; (3) disaster-related mutual aid compacts and agreements; (4) conduct of vulnerability analyses not otherwise available but necessary for the development of state and local disaster preparedness plans and programs; (5) design of disaster-related emergency systems; (6) training and exercises; (7) program reviews and post-disaster critiques; and (8) public information and education programs.

Formula Description: States are required to have 50 percent match for improvement grants (cash or in-kind contribution by state or local governments). State or local revenue sharing funds may be used, as may, within certain limits, funds of federal-state regional commissions.

Account Identification: 58-0104-453

83.516 DISASTER ASSISTANCE

Program Description: Following a presidential disaster declaration a variety of services are provided including, but not limited to, removal of wreckage or debris, restoration of communication systems, protection of public and private property, loans to local governments which suffered temporary tax losses, and emergency transportation assistance. Assistance to individuals and families includes temporary housing, assistance to the unemployed, crisis counseling, and assistance with emergency related expenses. Hazard mitigation grants are available for post-disaster mitigation measures.

Formula Description: Funds are distributed to cover major disasters, emergencies, and for fire suppression. Distributions are allocated based on presidential disaster declarations, and usually require state matches.

Account Identification: 58-0104-453

83.521 EARTHQUAKE HAZARDS REDUCTION GRANTS

Program Description: This program is designed to reduce, abate, and mitigate the potential loss of life and property as the result of the occurrence of an earthquake by fostering the increase in public awareness, developing assessments of earthquake risks, planning to prevent or at least reduce such risks, and the organizing of emergency operations.

Formula Description: For each state, a target allocation is derived from the total amount of state assistance funds available to the Federal Emergency Management Agency and an equal base amount for each eligible state, and a nationally standardized comparison of the states' seismic risk and population-at-risk. A state is not required to make a matching contribution the first year. The second year the match requirement calls for a 25 percent in-kind contribution; and the third year a 35 percent in-kind contribution. For the fourth and continuing years, a state must provide a 50 percent cash contribution. Also a predetermined percentage of the total state project (combined federal and state funds, per cost sharing requirements) is to be used for mitigation activities.

83.531 STATE AND LOCAL EMERGENCY MANAGEMENT ASSISTANCE—OTHER ASSISTANCE

Program Description: This program assists states in emergency planning and readiness preparation. Funds are provided to develop Emergency Operation Plans (EOP) that provide a systematic response to a variety of hazard situations. The program supports a nationwide system of EOPs, a statewide Radiological Defense (RADEF) system, and assures the maintenance and calibration of radiation sensors provided for the states.

Formula Description: The formula for this program is based on the relative degree of development of the State Emergency Management System, the criticality of the risk and host areas, population, and the relative number of radiological instruments to be maintained.

Account Identification: 58-0101-999

ENVIRONMENTAL PROTECTION AGENCY

06.612 ENVIRONMENTAL TECHNOLOGY INITIATIVE

Program Description: These grants are intended to strengthen the capacity of technology users and developers to develop and promote environmental innovation as well as to protect the environment and enhance the competitiveness of the environmental technologies industry. Grants can help develop and implement emerging technologies through a coordinated effort of federal, state, and local governments as well as private industry. Environmental technologies include technologies, goods, and services whose development is triggered by environmental improvement objectives.

Formula Description: These discretionary grants have no matching requirements but have a general criterion for applicants to leverage funds. Since these are competitive grants, proposals will be given more consideration to the extent that matching funds or in-kind services from participating partners are included.

66.001 AIR POLLUTION CONTROL PROGRAM SUPPORT

Program Description: Any municipal, inter-municipal, state, or interstate agency with responsibility for appropriate air pollution control is eligible for these funds, which are used to assist in planning, developing, establishing, improving, and maintaining prevention and control programs, or implementation of national air quality standards.

Formula Description: Funds are distributed to EPA regions on the basis of state values for: (1) impact of the air pollution control activities upon the applicable implementation plan; priorities and objectives; (2) population served; (3) extent of actual or potential problems; and (4) financial need. Then the distribution of funds to the states within each region is subject to negotiation between the states and the region. No state receives less than 0.5 percent or more than 10 percent.

Program Description: This program is designed to assist states in developing and supervising community water systems in compliance with the Safe Drinking Water Act. The funds are to be used to develop and implement a public water system supervision program adequate to enforce the requirements of the above act. The state program plan has to be reviewed and approved by the EPA Regional Administrator.

Formula Description: Funds are distributed on the basis of the number of community and non-community water systems, state population, and land area. No state receives less than 1 percent and no territory less

than one-third of 1 percent. The funds are annual grants with no restrictions placed on the time permitted to spend the award.

66.435 WATER POLLUTION CONTROL—LAKE RESTORATION COOPERATIVE AGREEMENTS

Program Description: This program is designed to provide financial assistance to states for assessing the water quality of publicly-owned freshwater lakes; diagnosing the causes of degradation in publicly-owned lakes; developing restoration and protection plans; implementing plans to restore and preserve the lake; and post-restoration monitoring to determine the longevity and effectiveness of restoration.

Formula Description: A minimum of 30 percent cost-sharing is administratively required for lake diagnostic-feasibility studies (Phase I), with a maximum of \$100,000. A minimum of 50 percent cost sharing is administratively required for implementation projects (Phase II). For Lake Water Quality Assessments in FY 1995 and FY 1996, financial assistance up to 50 percent is authorized with a maximum of \$100,000 per study for two years. For post-restoration monitoring (Phase III), funding assistance up to \$125,000 will be available and will require at least a 30 percent non-federal match.

66.438 CONSTRUCTION MANAGEMENT ASSISTANCE

Program Description: This program is designed to assist and serve as an incentive in the process of delegating to the states a maximum

amount of authority for conducting day-to-day matters related to the management of the construction grant program. An overriding goal is to eliminate unnecessary duplicative reviews and functions.

Formula Description: Each fiscal year the Administration may reserve an amount not to exceed 4 percent of a state's annual allotment based on authorized appropriations or \$400,000, whichever amount is greater, for the purpose of making construction management assistance grants to defray costs of performing the delegated functions.

66.458 CAPITALIZATION GRANTS FOR STATE REVOLVING FUNDS

Program Description: This program is designed to create state revolving funds (SRFs) through a program of capitalization grants to states which will provide a feasible transition to state and local financing of municipal wastewater treatment facilities. Capitalization grants are available to each state for the purpose of establishing a water pollution control revolving fund for providing assistance for: (1) construction of publicly-owned wastewater treatment works; (2) for implementing a nonpoint source management program under Section 319; and (3) developing and implementing an estuary conservation and management plan under Section 320. The capitalization grant is deposited in the SRF, which is used to provide loans and other types of financial assistance, but not grants, to local communities and intermunicipal and interstate agencies. Up to four percent of the grant amounts may be used for the cost of administering the SRF.

Formula Description: The Regional Administrator may award capitalization grants to the states by a table of decimal fractions ("formula") in Section 205(c)(3) of the Clean Water Act. The required state match is 20 percent of the amount of each grant payment.

Account Identification: 68-0103-304

66.460 NONPOINT SOURCE IMPLEMENTATION (319 PROGRAM)

Program Description: Funds are provided to states to carry out EPA-approved state nonpoint source management programs pursuant to Section 319 of the Clean Water Act as amended by the Water Quality Act of 1987. Under Section 319 (h), funds awarded for implementing a state's nonpoint source state management program remain available for obligation by the state for the federal fiscal year in which they are awarded. Other requirements include: financial assistance to persons restricted to costs of demonstration projects only; limits on

administrative costs; annual reporting; and EPA determinations of adequate state progress before additional funding.

Formula Description: Section 205(j) (5) directs the Administrator to reserve one percent of a state's allotment under the Clean Water Act or \$100,000, whichever is greater, for the purposes of developing and implementing the state's nonpoint source program. If the state requests \$100,000 or more for these purposes, but less than the full amount reserved, the state may use the remaining reserved funds for other purposes under Title II of the Clean Water Act. Section 201(g)(1)(B) allows a state to use up to 20 percent of Section 205(c) allotments for these purposes. Section 319(h) grants allocated to the regions are formula; final grant awards are determined by EPA regional offices based on the quality of past and anticipated grantee performance in implementing state management programs. Grants have a maintenance of effort and 40 percent matching requirement.

66.708 POLLUTION PREVENTION GRANTS PROGRAM

Program Description: Grants are provided to support state and local pollution prevention programs that address the reduction of pollutants across all environmental media, air, land, and water. The Pollution Prevention Grant Program has several discrete grant programs administered by the Office of Prevention, Pesticides and Toxic substances of the EPA. These programs support the establishment and expansion of state pollution prevention programs and address various areas of concern such as industrial toxins, agriculture, energy, and transportation. Emphasis is placed on comprehensive and coordinated pollution prevention planning and implementation efforts.

Formula Description: Organizations awarded funds under this program are required to contribute at least 50 percent of the total cost of the project.

66.801 HAZARDOUS WASTE MANAGEMENT STATE PROGRAM SUPPORT

Program Description: These funds assist states in developing and implementing programs of hazardous waste management for the purpose of controlling the generation, transportation, storage, and disposal of wastes.

Formula Description: Allocations are distributed on the basis of population, amount of hazardous waste generated, and number of treatment, storage, and disposal facilities. The base grant can be no more than 10 percent more or less than the state's prior-year base grant and the minimum is 1/2 of 1 percent.

66.802 SUPERFUND STATE SITE-SPECIFIC COOPERATIVE AGREEMENTS

Program Description: This program is designed to determine the level of hazard at sites listed in the Comprehensive Environmental Response Compensation, and Liability Act (CERCLA) Information System (CERCLIS); to undertake remedial planning and remedial

implementation actions in response to releases on the National Priorities List (NPL) contained in the National Oil and Hazardous Substance Contingency Plan; and to clean up the hazardous waste sites that are found to pose the most imminent hazards to human health.

Formula Description: None required for pre-NPL activities at any site or for remedial planning if the site was privately owned and operated at the time of disposal of hazardous waste. Matching requirements are 10 percent state, 90 percent federal for remedial action only if the site is privately owned and operated at time of disposal of hazardous wastes. A minimum 50 percent state, 50 percent federal match is required of all response costs if the site was state/locally operated at the time of any disposal of hazardous waste. For non-site specific activities, a 5 percent state match is required.

66.809 SUPERFUND STATE CORE PROGRAM COOPERATIVE AGREEMENTS

Program Description: Core program cooperative agreements are offered to ensure that each state or federally recognized Indian tribe can substantially participate in Comprehensive Environmental Response Compensation, and Liability Act (CERCLA) response actions. Recipients negotiate with the regions to receive funding for a variety of activities that include: procedures for emergency response actions and remediation of environmental and health risks; provisions for satisfying all requirements and assurances; development of legal authorities and enforcement support, and hiring and training staff. Recipients with regional approval may receive awards for multi-year budget and project periods at the region's discretion; funding for the entire project may be made as a lump sum or incrementally over time. Recipients must demonstrate progress towards the goals stated in the Core Program Cooperative Agreement in order to be eligible for funding to continue in the future.

Formula Description: Recipients of Core Program Cooperative Agreements are required to provide a 10 percent cost share on all awards. This match may be made from either direct, nonfederal funds or with in-kind contributions. Credit earned at the Superfund sites is not acceptable as a means of meeting the 10 percent match.

66.810 CHEMICAL EMERGENCY PREPAREDNESS AND PREVENTION (CEPP) TECHNICAL ASSISTANCE

Program Description: Project grants are available to assist states in chemical emergency planning and community right-to-know programs which are established to prevent or eliminate unreasonable risk to the health and environment of communities. Projects which address extremely hazardous substances or high profile chemicals and/or high risk areas are especially of interest. The grant money may not supplant

state funds already being spent and all grant proposals must be related to activities involving chemicals subject to regulation under TSCA.

Formula Description: There is no statutory formula for this grant. States must provide 25 percent of the program costs.

ILLINOIS DEVELOPMENT FINANCE AUTHORITY

10.767 INTERMEDIARY RELENDING PROGRAM

Program Description: This program is designed to provide for the financing of business facilities and community development in rural areas. An entity that receives an Intermediary Relending Program (IRP) loan from the Farmers Home Administration (FmHA) is referred to as an intermediary. Intermediaries must relend all of the loan funds received from the IRP loan. An entity that receives a loan from an intermediary is referred to as an ultimate recipient. The maximum loan to any one intermediary is \$2 million. The maximum term is 30 years and the interest rate is one percent per annum. Intermediaries may not use IRP funds to finance more than 75 percent of the cost of an ultimate recipient's project or for a loan of more than \$150,000 to one recipient.

Formula Description: This program has no statutory formula or specific matching requirements, but Rural Development Association funds loaned to one ultimate recipient by an intermediary must not exceed 75 percent of the cost of the recipient's project.

STATE FIRE MARSHAL

66.804 STATE UNDERGROUND STORAGE TANKS (UST) PROGRAM

Program Description: Grants are available to assist states in development and implementation of their own underground storage tank (UST) programs to operate in lieu of the federal program. High priority tasks include: (1) developing state programs that include: developing and revising statutory and regulatory authority for state UST programs; investigating mechanisms to fund the state program; developing authorities for compliance monitoring and enforcement; maintaining a notification data system and providing technical assistance; (2) developing draft or final applications for state program approval; (3) promoting compliance through outreach efforts; and (4)

identifying, investigating and resolving violations of the federal regulations and operating and enforcing existing state UST Programs.

Formula Description: A minimum of 25 percent cost share is required.

BOARD OF HIGHER EDUCATION

84.164 EISENHOWER MATHEMATICS AND SCIENCE
EDUCATION—STATE GRANTS

Program Description: This program is designed to improve the skills of teachers and the quality of instruction in mathematics and science, and to increase the accessibility of such instruction to all students.

Formula Description: Funds are distributed to states based upon the relative number of children in each state aged 5-17 years (50 percent) and upon each state's previous year's allocation under Part A of Chapter I of the Elementary and Secondary Education Act (50 percent). Seventy-five percent of the state's allocation is to be administered by the state agency for elementary and secondary education and 25 percent is to be administered by the state agency for higher education. The state agencies for elementary and secondary education distribute not less than 90 percent of the funds directly to local educational agencies, reserve not more than five percent for demonstration and exemplary programs administered at the state level, and may use up to five percent for administration. The state agency for higher uses at least 95 percent of its funds for competitive grants to institutions of higher education and retains up to five percent for administration of the programs. The programs are directed at improving teaching and instruction in elementary and secondary education. No matching is required.

HOUSING DEVELOPMENT AUTHORITY

14.103 INTEREST REDUCTION PAYMENTS—RENTAL AND COOPERATIVE HOUSING FOR LOWER INCOME FAMILIES

Program Description: This program is designed to provide good quality rental and cooperative housing for persons of low-and moderate-income by providing interest reduction payments in order to lower their housing costs. This program is now inactive, i.e., no new projects are being approved.

Formula Description: Assistance payments are made monthly by the U.S. Department of Housing and Urban Development (HUD) to the mortgagee, and may bring the effective interest rate paid by the mortgagor down to as low as one percent. Benefits received in this way are passed on to those families qualifying for assistance in the form of reduced rents. Assisted families are required to pay at least 30 percent

of their adjusted income (income after certain allowable deductions), but not in excess of the fair market rent. The program has maintenance of effort requirements.

LAW ENFORCEMENT TRAINING AND STANDARDS BOARD

**16.710 PUBLIC SAFETY AND COMMUNITY POLICING GRANTS
(COPS GRANTS)**

Program Description: This program provides project grants to increase police presence and expand and improve cooperative efforts between law enforcement officials and the community to address crime and enhance public safety. Funds may be used to hire or re-hire career law enforcement personnel, procure equipment, enhance technology, and support systems, or pay overtime costs to increase the number of officers involved in community-oriented policing.

Formula Description: Federal grants for hiring support up to 75 percent of the salary and benefits for an officer up to \$75,000. The 25 percent local match must be made of nonfederal funds. The amount of federal support will decrease over the grant period.

Account Identification: 95-2720-506

84.069 GRANTS TO STATES FOR STATE STUDENT INCENTIVES

Program Description: This program provides grants to the states for use in programs of financial assistance to eligible postsecondary students.

Formula Description: Each state receives an allotment and possibly a reallocation of funds based upon the number of students eligible to participate in the program relative to the total number of such students in all states; no state receives less than its FFY 1979 allotment. Maintenance of effort requirements provide that annual expenditures in the program must not be less than the average for the previous three fiscal years. States match federal funds on at least a one-to-one basis, out of resources appropriated by the state that represents additional state grant expenditures over an established base year, defined as the second year before the state entered the SSIG Program.

Program Description: This program is designed to provide scholarships through the states that enable and encourage outstanding high school graduates who demonstrate an interest in teaching to

pursue teaching careers at the preschool, elementary, or secondary level. Scholarship recipients must fulfill teaching requirements, or pay back the scholarship with interest.

Formula Description: Under the provisions of Public Law 102-325, Section 522, states receive an allotment that bears as nearly as possible the same ratio to the annual appropriations as the number of school-age population in that state relative to the number of school-age population in all states. This program has no matching requirements.

- ¹ Funds for this program were transferred from the Office of the Lieutenant Governor to the Department of Commerce and Community Affairs in FY 1996.
- ² Funds for this program were transferred from the former Department of Energy and Natural Resources to the Department of Commerce and Community Affairs in FY 1996.
- ³ Funds include additional funding for flood assistance.
- ⁴ Funds for this program were included in 94.001 under the Office of the Lieutenant Governor in FY 1994 and FY 1995.
- ⁵ This program was formerly reported under the Department of Conservation and due to agency consolidation is now administered by the Department of Natural Resources.
- ⁶ This program was formerly reported under the Department of Transportation and due to agency consolidation is now administered by the Department of Natural Resources.
- ⁷ This program was formerly reported under the Department of Mines and Minerals and due to agency consolidation is now administered by the Department of Natural Resources.
- ⁸ This program was formerly reported under the Abandoned Mined Lands Reclamation Council and due to agency consolidation is now administered by the Department of Natural Resources.
- ⁹ This program was formerly reported under the Department of Energy and Natural Resources and due to agency consolidation is now administered by the Department of Natural Resources.

- ¹⁰ This program includes some discretionary target assistance money that was formerly reported under 93.566 as Target Assistance—High Impact.
- ¹¹ This program receives additional money from a contract with suppliers which gives the Department of Public Health a rebate on infant formula. Rebate amounts were \$42 million in FY 1994, \$43 million in FY 1995, and \$45 million in FY 1996.
- ¹² Program number 93.161 was separated into four new programs in FY 1995—93.200, 93.201, 93.203, and 93.207.
- ¹³ Funds under program 84.129 were transferred to 84.265 in FY 1996.
- ¹⁴ Program funds in FY 1995 include money earmarked for 20.602 Motorcycle Helmets and Safety Belt Incentive Grants. Because Illinois did not adopt necessary laws, the money was transferred to this program.
- ¹⁵ 84.151, the Chapter 2 State Block Grant, was eliminated in FY 1996. Funds are now being received under 84.298—Innovative Education Program Strategies.
- ¹⁶ Program funds reported under 84.164 in FY 1994 and FY 1995 are reported under 84.281 in FY 1996.
- ¹⁷ This program was transferred from the State Board of Education to the Student Assistance Commission in FY 1995.
